

ERSB's Board of Directors Meeting Minutes

Eastern Regional Service Board

1/29/2025 6:00 PMNST

@ The Capital Hotel, 208 Kenmount Road, St. John's, NL

Attendance

Present:

Members: Bill Antle, Daniel (Danny) Breen, Jill
Bruce, Glenn Clarke (remote), Tom Davis (remote), Christie Dean, Rodney
Delaney, Craig Drover (remote), Ronald Ellsworth, T. Alexander
Hickman (remote), Jason O'Brien, Holly Power, Carl
Ridgeley, Steve Tessier, Gerard Tilley, Lynn Tucker, Mark Vardy, Lawrence
Vaters, Hilda Whelan (remote)
Guests: Charles Bown - MMSB, Greg Noseworthy

Absent:

Members: Maggie Burton, Kevin McDonald, Sheilagh
OLeary, Ophelia Ravencroft

I. Call to Order

The meeting was called to order at 7:00 p.m.

II. Adoption of Agenda

The agenda was tabled for approval.

[Draft Agenda BOD Jan 29 2025.docx](#)

Motion:

BE IT RESOLVED that the agenda be adopted as tabled.

Motion moved by Steve Tessier and motion seconded by Lawrence
Vaters . Carried unanimously.

III. Review of Minutes

The minutes from the previous meeting were tabled for review and approval.

[ERSB Board of Directors Meeting Minutes \(3\).pdf](#)

Motion:

BE IT RESOLVED that the minutes from November 27, 2024, be adopted as tabled.

Motion moved by Steve Tessier and motion seconded by Bill Antle
. Carried Unanimously.

IV. Committee Reports

A. Finance & Audit Committee

Mr. Hickman, Committee Member, delivered the Finance and Audit Committee report.

1. Board Expenditures

Board expenditures for the months of November and December 2024 were tabled for review. There were no questions or concerns.

 [Meeting Package Cheque Register Nov 2024.pdf](#)

 [Meeting Package Cheque Register Dec 2024.pdf](#)

 [Meeting Package Payroll Expense NOV 2024.pdf](#)

 [Meeting Package Payroll Expense DEC 2024.pdf](#)

 [BMO Statement Nov.pdf](#)

 [BMO Statement Dec.pdf](#)

Motion:

BE IT RESOLVED that the Board adopt the expenditures for the months of November and December 2024 as tabled.

Motion moved by T. Alexander Hickman
and motion seconded by Bill Antle
Carried Unanimously.

2. Incorporated Towns Payment Activity Report

An update on the incorporated towns' payment activity was provided. There were no questions or concerns.

 [2025 Incorporated Towns Payment Activity Report at Jan 9.pdf](#)

3. Asset Management Plan - Update

Mr. Hickman noted that a lot of the base work for the Board's Asset Management Plan is complete, so now its just a matter of putting it together.
An update will be provided at next month's meeting.

4. Purchase of Replacement Pick-Up Truck for Whitbourne Depot

Mr. Hickman reviewed the briefing note that was provided in the meeting package. He explained that the new truck will replace a 2016 Dodge Ram that has been servicing the Whitbourne Depot, and that electric vehicles are not being considered at this time.

 [steele chrysler.pdf](#)

Motion:

BE IT RESOLVED that the Board purchase one 2024 GMC Sierra 1500 Pro pick-up truck from Terra Nova Motors for \$63,033.20 including HST.

Motion moved by T. Alexander
and motion seconded by Ronald
. Carried Unanimously.

Hickman
Ellsworth

5. Old Perlican Waste Recovery Facility Operations Contract Extension

Mr. Tessier explained that this motion will be deferred to next month's meeting due to non-compliance issues. More information will be provided once it becomes available.

 Brief Note - Old Perlican WRF Operations Extension Jan 29 2025.docx

Motion:

BE IT RESOLVED that the Board issue a one-year extension for the operation of the Old Perlican Waste Recovery Facility contract to Coish's Trucking & Excavating beginning October 1, 2025 in the amount of \$214,746.00 including HST.

6. Trinity Bay South/Trinity Bay Center Multi-Stream Waste Collection Contract Extension

Mr. Hickman reviewed the briefing material and noted that this extension is not unlike any other extensions that the Board has adopted in the past. The Committee was pleased with the price and did not see any reason not to extend this contract.

 Brief Note - TBS-TBC Waste Contract Extension Jan 29 2025.docx

Motion:

BE IT RESOLVED that the Board extend the Trinity Bay South/Trinity Bay Center multi-stream waste collection contract beginning October 1, 2025, for 12 months in the amount of \$318,435.00 including HST.

Motion moved by T. Alexander
and motion seconded by Mark
. Carried Unanimously.

Hickman
Vardy

B. Strategy & Policy Committee

Mr. Tilley, Committee Chair, delivered the Strategy & Policy Committee Report.

1. Electrification Renews-Cappahayden Waste Recovery Facilities – Update

Mr. Tilley was pleased to report that the electrification of the Board's Waste Recovery Facility in Renews-Cappahayden has been complete. This means that all of the Board's facilities that remain open over winter months are now electrified.

2. Implementation of User Access Cards at Waste Recovery Facilities - Update

Mr. Tilley reported that the implementation of access cards is underway and that all site attendants have completed their training as required.

There has been a very positive response with more than 700 applications received, approximately 30 per day.

The Board was pleased to see such a good uptake on the access cards before they become mandatory on April 1, 2025.

3. Water Well at the Clarenville Transfer Station – Update

Mr. Tilley referred to the briefing note that was provided in the meeting package. He reported that the electrical system at the Clarenville Transfer Station is causing some issues with the operation of the pump. The well installer is currently providing non-potable water to the facility and continues to work to get the pump fully operational with the current electrical system. Updates will be provided as they become available.

4. Security Cameras at Harbour Grace Waste Recovery Facilities – Update

Mr. Tilley referred to the information that was provided in the meeting package. In late 2024, the Board purchased cameras that were both solar powered and cellular data capable. Each of these cameras are equipped with cellular chips that can transmit data to the Operations department. These cameras will soon be installed and if they work successfully, further units will be purchased to cover all of the Waste Recovery Facilities to monitor wind blown debris, vandalism, and non-compliant visitors/materials.

Staff will continue to assess cell phone signal boosters at sites and will continue to research what camera system will work best at the Board's sites.

 [Briefing Note - Camera Update JAN 29 2025 S&P.docx](#)

5. Guidelines for Deactivating Access Cards for Non-Compliant Users

Mr. Tilley reviewed the briefing note that was provided in the meeting package. It was noted that guidelines to address non-compliant users of the Board's waste recovery facilities was required as the Board is responsible for the safety of its staff, so it is necessary to ensure that guidelines are in place. The Committee discussed the guidelines as tabled but requested that staff make several changes for their consideration at the February Committee meeting. This item will be brought back to the Board once the Committee has finalized its work.

 [BN - Guidelines for Deactivating Access Cards Jan 29 2025.docx](#)

6. Illegal Dumping: Time to Change the Message

Illegal or indiscriminate dumping is defined as the unlawful disposal of waste in undesignated spaces such as open or vacant land, sources of water, or other areas. In the Eastern region, those who illegally dump their garbage are aware that it is wrong; therefore, enforcement is necessary to change behaviour.

It is important for all of us to understand the reasons for illegal dumping and to stop providing those irresponsible individuals who illegally dispose of their waste with an excuse to continue their abhorrent behaviour.

 [Brief Note - Illegal Dumping JAN 29 2025 S&P.docx](#)

C. Governance Committee

Ms. Bruce, Committee Member, delivered the Governance Committee Report.

1. Canada Revenue Agency (CRA) Statement of Account

Ms. Bruce reviewed the briefing note that was provided in the meeting package. She noted that the statement that was provided is for the third quarter of 2024, and that the statement of account for the fourth quarter will be tabled when received. All payments for the fourth quarter were submitted correctly and on time.

 [CRA Statement.pdf](#)

2. Workplace NL Reports 2024 – Incidents/Issues

Ms. Bruce reviewed the Workplace NL Reports that were provided for Members' review

She was pleased to note that because the Board meets occupational health and safety practices and manages its claims appropriately, the Board continues to be eligible for the PRIME refund.

 [Workplace NL ThreeYearReport At Jan 17.pdf](#)

 [Workplace NL FiveYearReport At Jan 17.pdf](#)

3. Board Professional Development Plan 2025

Ms. Bruce referred to the documents that were provided in the meeting package. She noted that the Committee discussed the list of professional development opportunities and determined that the Board should continue to look at some of these as options once more information becomes available.

4. Joint Council Report

Ms. Bruce referred to the briefing note that was provided in the meeting package and reviewed the Joint Council updates.

 [Brief Note - January 2025 Joint Council Update.docx](#)

V. Correspondence

Mr. Tessier reminded Members that the following correspondence was provided for information purposes only.

 [Email - MHA Sherry Gambin-Walsh re Deer Park & Side Roads Salmonier Line Jan 2025.pdf](#)

VI. New Business

There was no new business to be discussed.

VII. Roundtable

Mr. Charles Bown - On January 15, 2025, the Multi-Materials Stewardship Board (MMSB) announced a sponsorship to the upcoming Canada Games of \$500,000. This sponsorship will assist with waste management, waste reduction, waste diversion, etc. He also noted that the sponsorship for the late Summer Games in Bay Roberts proved to be a great success. Mr. Bown was pleased to report that the MMSB has recently joined with Municipalities Newfoundland and Labrador (MNL) on their new 'Tomorrow's Towns' program, along with launching several of their own marketing campaigns like 'Get Refund Ready' and 'Tire Recycling'. He also informed the Board that the annual Regional Waste Management Forum will be rescheduled due to the conflict with the Federation of Canadian Municipalities' (FCM) Conference, more information to follow at a later date.

Mr. Tom Davis - Mr. Davis reported that he and his wife were out of the province last week and had an unfortunate accident while being transported in a shuttle bus. He reminded everyone to wear their seatbelts at all times, no matter the type of vehicle.

Mr. Craig Drover - Mr. Drover joined the meeting virtually from Toronto as he was attending the Canadian Association of Municipal Administrators' (CAMA) Executive Leadership Training Program. He thanked the Board for the opportunity.

Mr. Gerard Tilley - The Town of Conception Bay South (CBS) is pleased to report the approval of their Community Lifestyle Centre which will consist of a full-size artificial turf, 3 basketball courts, a walking track, 5000 square feet of community space, volleyball courts, pickleball courts and more. The Board congratulated the CBS Council as this will be a wonderful addition to the Town.

Ms. Christie Dean - Ms. Dean informed the Board of Workplace NL's ongoing workshops on psychological health that she is attending. She has some sessions complete with a few more to go but finds them to be very informative and beneficial.

Mr. Danny Breen - The Mews Centre in the City of St. John's has a problem with its heating/cooling system. It was repaired but still not suitable, which caused delays in the City taking possession of the

building. The Mayor was pleased to report that, once rectified, there will not be any debt on the building as the purchase will be completed with federal gas tax funding.

Mr. Jason O'Brien - Mr. O'Brien thanked the Board's Staff for working hard to get the electrification of its Waste Recovery Facilities complete. He also thanked Ms. Power, the Board's Clerk and Outreach Coordinator for her continued support to the Southern Shore Joint Council, of which he is Chair.

Mr. Rod Delaney - Mr. Delaney reported a meeting that was held on Monday past with Members of the Conception Bay North Joint Council (JCCBN). They are trying to get JCCBN back up and running again, and according to the meeting, there seems to be plenty of interest. He will continue to update the Board on the progress. Mr. Delaney also informed Members that it is now Cancer Free, and thanked the group for their support and congratulations.

Mr. Greg Noseworthy - Mr. Noseworthy is the newest Member of the City of St. John's Council. He looks forward to working with the Board and getting to know Members and Staff.

VIII. Upcoming Meetings

Board Members are reminded of the next Board and Committee meetings:

- a) The next meeting of the Board of Directors will take place on Wednesday, February 26, 2025, at 7:00 p.m. at The Capital Hotel.
- b) The next meeting of the Finance & Audit Committee will take place on Thursday, February 13, 2025, at 12:30 p.m., format to be determined.
- c) The next meeting of the Strategy & Policy Committee will take place on Wednesday, February 12, 2025, at 8:30 a.m., format to be determined.
- d) The next meeting of the Governance Committee will take place on Wednesday, February 19, 2025, at 10:30 a.m., format to be determined.

IX. Adjournment

Seeing no further business to discuss, the meeting adjourned.

Motion:

BE IT RESOLVED that the meeting adjourned at 7:41 p.m.

Motion moved by Steve Tessier and motion seconded by Daniel (Danny) Breen . Carried Unanimously.

EASTERN REGIONAL SERVICE BOARD
BRIEFING NOTE / REPORT

TITLE:	Purchase of One 2024 GMC Sierra 1500 Pro Pick-up Truck for Whitbourne Depot Site
MEETING DATE:	2025-01-29
TO:	Board / Finance & Audit / Strategy & Policy / Governance
PREPARED BY:	Christie Dean, Director of Operations
REVIEWED BY:	Lynn Tucker, Chief Administrative Officer
APPROVED BY:	Lynn Tucker, Chief Administrative Officer

RECOMMENDED ACTION:

Staff recommends the purchase of one 2024 GMC Sierra 1500 Pro pick-up truck from Terra Nova Motors for \$63,033.20 including HST.

MOTIONS:

BE IT RESOLVED that the Board purchase one 2024 GMC Sierra 1500 Pro pick-up truck from Terra Nova Motors for \$63,033.20 including HST.

BACKGROUND/DISCUSSION:

- The recommended vehicle will replace a 2016 Ford F-150 pick-up that is currently operating out of the Whitbourne Depot site. This vehicle will be sold as it is no longer reliable, and maintenance costs are increasing beyond acceptable.
- The recommended 2024 GMC Sierra 1500 Pro pick-up is the lowest of four (4) obtained quotes.
- The Sierra 1500 Pro meets the Board's requirements and includes a 5.3 liter motor, colour white, club cab, 18-inch wheels, black interior and an integrated trailer brake so it can haul the Board's trailers.

Attachments

- Quotes from Avalon Ford, Hickman Crysler, Steele Crysler, and Terra Nova Motors

Offer to Purchase prepared for: Eastern Regional Service Board

EASTERN REGIONAL SERVICE BOARD

BRIEFING NOTE / REPORT

TITLE:	Old Perlican Waste Recovery Facility Operations Contract Extension to September 30, 2026
MEETING DATE:	2025-01-29
TO:	Board / Finance & Audit / Strategy & Policy / Governance
PREPARED BY:	Christie Dean, Director of Operations
REVIEWED BY:	Lynn Tucker, Chief Administrative Officer
APPROVED BY:	Lynn Tucker, Chief Administrative Officer

RECOMMENDED ACTION:

Staff recommends that the option for contract extension be exercised and that the Board issue a one-year extension for the operation of the Old Perlican Waste Recovery Facility beginning October 1, 2025 for \$214,746.00 including HST.

MOTION:

BE IT RESOLVED that the Board issue a one-year extension for the operation of the Old Perlican Waste Recovery Facility contract to Coish's Trucking & Excavating beginning October 1, 2025 in the amount of \$214,746.00 including HST.

BACKGROUND/DISCUSSION:

- The Board contracts the operation of the Old Perlican Waste Recovery Facility, and the current contract expires September 30, 2025.
- The contract provides for two possible one-year extensions; and, to date, none of the extensions have been exercised.
- The current contracted annual cost is \$214,746 including HST. This equates to a monthly cost of \$17,895.50 including HST. There is NO change in the contract price when extending the contract.
- The Board has contracted the operations of this waste recovery facility since it opened in 2012.
- The decision to contract the operations of this site is due to its distance from the regional landfill which is about 175 kms or greater than 2-hours of driving. In addition, it was determined it would be difficult to manage the site due to its relative remoteness from Whitbourne and/or St. John's.
- Coish's Trucking & Excavating, Bay de Verde, is the contractor for the site and is responsible for all waste removals to the regional landfill as well as staffing and operating the facility.

EASTERN REGIONAL SERVICE BOARD

BRIEFING NOTE / REPORT

TITLE:	Trinity Bay South/Trinity Bay Center Multi-Stream Waste Collection Contract Extension
MEETING DATE:	2025-01-29
TO:	Board / Finance & Audit / Strategy & Policy / Governance
PREPARED BY:	Christie Dean, Director of Operations
REVIEWED BY:	Lynn Tucker, Chief Administrative Officer
APPROVED BY:	Lynn Tucker, Chief Administrative Officer

RECOMMENDED ACTION:

Staff recommend an extension of the Trinity Bay South/Trinity Bay Center contract for multi-stream waste collection services beginning October 1, 2025 for 12 months in the amount of \$318,435 including HST.

MOTION:

BE IT RESOLVED that the Board extend the Trinity Bay South/Trinity Bay Center multi-stream waste collection contract beginning October 1, 2025 for 12 months in the value of \$318,435 including HST.

BACKGROUND/DISCUSSION:

- The Trinity Bay South/Trinity Bay Center contract began October 1, 2022. The contract is for 36 months and expires on September 30, 2025.
- Neither of the two (2) possible extensions have been exercised.
- Participating communities have been contacted to confirm if they wish to continue receiving regional waste services.
- T2 Ventures Inc. was awarded the contract for \$955,305 including HST for 36 months. This is an annual unit cost of \$109.03 including HST.
- In 2024 ERSB went to market in seven (7) contract areas. The maximum contract value was \$196.28/unit plus HST, and the minimum contract value was \$130.00/unit plus HST. The average contract value was \$162.41 plus HST.
- The Trinity Bay South/Trinity Bay Center contract currently provides two (2) oversize items (bulk) collections a year; therefore, it is out of line with the other seven (7) contract areas where one oversize items (bulk) collection is provided annually by appointment.
- This does not prevent implementing one oversize items (bulk) collection by appointment in 2026 as discussed by the Board at an earlier meeting.
- The remaining contracts that include two (2) oversize items (bulk) collections includes Isthmus Area, Southern Shore, and the Southwest Avalon, which expire in 2026.

EASTERN REGIONAL SERVICE BOARD

BRIEFING NOTE / REPORT

TITLE:	Installation of Security Cameras at Waste Recovery Facilities - Update
MEETING DATE:	2025-01-29
TO:	Board / Finance & Audit / Strategy & Policy / Governance
PREPARED BY:	Craig Drover, Director Corporate Services
REVIEWED BY:	Lynn Tucker, Chief Administrative Officer
APPROVED BY:	Lynn Tucker, Chief Administrative Officer

RECOMMENDED ACTION:

Staff will continue to investigate various camera applications for use at the waste recovery facilities and will update the Board on the progress.

MOTION:

N/A

BACKGROUND/DISCUSSION:

- The Board has discussed the possibility of installing security cameras at the waste recovery facilities for the past number of years.
- Trail cameras were tested at the Harbour Grace site in 2024 to help determine the extent of the access to the site after hours and to help determine the impact of weather conditions on the debris on the site. The trail camera test project has been very successful to date.
- Staff purchased three security cameras in the last quarter of 2024. These units are both solar powered and cellular data capable. One unit is a camouflage 4K dual lens trail camera that can easily be hidden. The other two units are black in color and will be tested in the gable end of the huts at two of the busier sites. If these can be installed and work successfully, further units will be purchased and installed. The three units are currently at our Whitbourne Depot awaiting installation.
- With the installation of power at the waste recovery facilities, the number of possible camera applications has grown. As only the Whitbourne and Clarendville sites have WIFI access, cellular access was required to transmit the data to staff at the other sites.
- Each of the cameras has a cellular data chip from Telus installed in it and can transmit to the Operations team.
- Staff have also been testing cell phone signal boosters at one of the sites and one unit has improved signal strength onsite considerably.

- Staff also purchased a wireless camera system to be tested in Clarendville and in Whitbourne.
- With the installation of the Starlink system in Clarendville, the site now has access to high speed WIFI. Therefore, the small wireless cameras manufactured by Blink could be installed and used in various locations of the site to help ensure that the site is being constantly monitored.
- The Whitbourne Depot has both WIFI and a camera system, but additional wireless cameras could be utilized to reduce any blind spots in the current wired camera system or used to monitor the waste recovery facility portion of the site.
- The three solar-powered cameras with LTE cost \$1051. Eight wireless Blink cameras to be used in Clarendville and Whitbourne cost \$395.79. Upon installation of the three LTE cameras, staff will monitor the data usage and costs. This information will be used to determine if further cameras are recommended.

EASTERN REGIONAL SERVICE BOARD
BRIEFING NOTE / REPORT

TITLE:	Guidelines for Deactivating Access Cards for Non-Compliant Users
MEETING DATE:	2025-01-29
TO:	Board / Finance & Audit / Strategy & Policy / Governance
PREPARED BY:	Christie Dean, Director of Operations
REVIEWED BY:	Lynn Tucker, Chief Administrative Officer
APPROVED BY:	Lynn Tucker, Chief Administrative Officer

RECOMMENDED ACTION:

No recommended action. The Committee requested changes to the tabled guidelines and more time to consider these guidelines before making a recommendation to the Board.

MOTION:

N/A

BACKGROUND/DISCUSSION:

- The Board is implementing user cards for access to all waste recovery facilities.
- The access card is required for entrance to any facility effective April 1, 2025.
- All users of these facilities must adhere to the guidelines for use to ensure continued compliance with the Board's Certificate of Approval to Operate (CofA) these sites.
- These sites are regularly inspected by Digital Government and Service NL for compliance with CofA including, but not limited to:
 - Ensuring sufficient area for storage of materials and space for queuing of vehicles;
 - Sites must have dedicated areas for different waste streams, i.e., furniture, construction materials, tires, metals, etc.
 - All incoming waste must be inspected for compliance and acceptability;
 - CofA outlines the types of waste and materials that is acceptable;
 - Monthly removal of materials from these sites to the regional landfill is required;
 - Signage must be located throughout the site and used to designate different disposal areas and must include "No Scavenging" signage.
 - Ensuring that unauthorized access to these sites is controlled and shall include a secure gate/barrier at the front entrance with appropriate highly visible signage including "No Scavenging."

- The province designed and developed these sites with gates and locks that the Board must maintain under the CofA.
- A staff person is required to be on site during operating hours to ensure compliance.
- A fire break is required.
- The Facility Operations Plan that has been approved by Digital Government and Service NL must be maintained.
- The Emergency Plan that has been approved by Digital Government and Service NL must be in place and maintained.
- Etc.
- In addition to the requirements of the CofA, the Board requires all users to adhere to the province's Respectful Workplace Policy.
- There is currently no direction to staff on how long users should be banned from the site for non-compliance. Up to now, this has been done on a case-by-case basis by the Director of Operations and the CAO who will continue to make these decisions.
- The number of guideline infractions at all sites as well as the severity of infractions has been on the rise. In the past year, we have had Site Attendants who have been verbally and physically threatened.
- The guidelines on page 3 are being tabled for discussion and recommendation.

- The Committee discussed the tabled guidelines in detail and requested that staff make several changes for their consideration at February's meeting.
- This item will be brought back to the Board once the Committee has finalized its work on the guidelines.

GUIDELINES FOR DEACTIVATING WASTE RECOVERY FACILITY ACCESS CARDS DUE TO NON-COMPLIANCE

Deactivation to January 1st of the following calendar year:

- Access cards will be deactivated up to January 1st of the following calendar year for those cardholders who have used their permissible 16 visits within one calendar year.

Deactivation for six (6) months:

- ATV or double-axle trailer on site and refusing to leave the site without offloading materials.
- Materials not separated onsite or offloaded by hand.
- Waste delivered in dark (non-transparent) or blue transparent bags; all waste not visible for inspection.
- Delivery of unacceptable materials – not including commercial materials; liquids; special waste; blue bag recyclables; materials that decompose; concrete; bricks; or hazardous waste materials.
- Any scavenging onsite.
- For the second or multiple offences, the deactivation of the access card will be extended for one to three years.

Deactivation for one to three (1-3) years:

- Infraction of the Respectful Workplace Policy – one to three years recommended depending on the severity of the infraction and will be determined on a case-by-case basis:
 - Damaging gossip or rumors, inappropriate jokes or cartoons including racial or ethnic slurs – 1 year.
 - Personal insults (without curse words) – 1 year.
 - Dignity of the person impacted – 2 years.
 - Harassing behaviour, offensive or inappropriate remarks, gestures, materials, or behaviour – 2 years.
 - Comments related to diversity and the human rights of others related to their race, national or ethnic origin, skin color, religion, age, gender, marital status, family status, physical or mental disability and sexual orientation – 3 years.
 - Personal insults (with yelling and/or curse words) – 3 years.
 - Threats of violence – 3 years.
- Delivery of unacceptable items, including liquids; special waste; blue bag recyclables; materials that decompose; concrete; bricks; and hazardous materials.
- For the second offence, the deactivation period will be doubled.
- For multiple offences (greater than two), the deactivation period will be indefinite.

Deactivation INDEFINITELY:

- Commercial vehicles delivering materials to the site.
- Commercial waste delivered to the site.
- Multiple infractions of the guidelines for use of these facilities.
- Violent actions toward staff or other users.
- Unwarranted physical contact with staff or other users.

EASTERN REGIONAL SERVICE BOARD

BRIEFING NOTE / REPORT

TITLE:	Illegal/Indiscriminate Dumping: Time to Change the Message
MEETING DATE:	2025-01-29
TO:	Board / Finance & Audit / Strategy & Policy / Governance
PREPARED BY:	Lynn Tucker, Chief Administrative Officer
REVIEWED BY:	Lynn Tucker, Chief Administrative Officer
APPROVED BY:	Lynn Tucker, Chief Administrative Officer

RECOMMENDED ACTION:

No recommended action. Information only.

MOTION:

N/A

BACKGROUND/DISCUSSION:

- Illegal or indiscriminate dumping is defined as the unlawful disposal of waste in undesignated spaces such as open or vacant land, sources of water, or other areas.
- Illegal or indiscriminate dumping is the most unwanted and dangerous practice in solid waste management.
- The impacts of illegal dumping are:
 - Environmental effects including soil contamination, air and water pollution, habitat destruction, etc.
 - Community impacts such as health risks, decreased property values, etc.
- Board members have expressed concerns about illegal dumping in the Eastern region as it is a significant problem for all our communities.
- The primary factors that have been identified by industry experts that contributes to illegal dumping of waste are:
 - Inadequate government support. I think we can agree that this is not the case for NL where we have a provincial waste management strategy and regional service boards in place.
 - Rapid population growth, urbanization and poverty. Again, this does not describe the Eastern region. It is interesting to note that it is commonly accepted that larger household sizes are associated with increased likelihood of illegal dumping as is those with lack of formal education. In addition, urban households are less likely than rural households to participate in illegal dumping.
 - Irregular garbage collection. Again, this does not describe the Eastern region.

Recommended course of action to address illegal dumping:

- Public awareness, education, and enforcement leads to behaviour change.
- Those who illegally dispose of their waste know their behaviour is wrong but do so anyway without caring for the public or environment.
- To change their behaviour, **enforcement is necessary**.

Please note:

- In both Committee and public Board meetings, members have reiterated comments they hear publicly that are erroneous and not accepted by industry as reasons for illegal dumping such as:
 - Materials are being illegally dumped or thrown in the woods because the waste recovery facility was not open when the customer arrived.
 - Materials are being illegally dumped or thrown in the woods because there is no bulk collection in the area.
 - Etc.
- These comments and narrative must change or stop if we are to effect real change to the public's attitude and behaviour towards illegal dumping.
- Other Considerations:
 - If I need medications, it is useless to go to the pharmacy outside their operating hours to pick up my prescription. We all understand that.
 - If I need groceries, I must visit the grocery store during their regular operating hours. They don't modify their hours for my convenience.
 - I drove home drunk because no taxi was available at my convenience. Again, my lack of preparation for the situation does not provide me with an excuse to break the law.
 - If I'm dropping off recyclables at the Green Depot outside their operating hours, I don't have the right to throw my recyclables all over their parking lot/property because they are not open.
 - Then we must ask why individuals feel it is their right to throw their garbage in the woods just because a waste disposal site was not opened, etc.?
 - **Individuals illegally dispose of their waste because they are irresponsible and reckless with no consideration for the environment and their community. PERIOD. It has nothing to do with a waste site's hours of operation or if curbside bulk collection is available, etc.**
 - If it did, then why:
 - Isn't illegal dumping a major issue in the Town of Torbay? Torbay has never had curbside bulk collection; however, the town's illegal dumping issue is no worse than neighbouring communities on the Northeast Avalon.
 - In Central Newfoundland where there is no curbside bulk collection, they report less illegal dumping than in the Eastern region.

It is important for all of us to understand the reasons for illegal dumping and to stop providing those irresponsible individuals who illegally dump their waste with an excuse to continue their abhorrent behaviour.

Explanation of changes and other important information

This year, National Payroll Week is from September 16 to 20, 2024. The Canada Revenue Agency salutes payroll practitioners across the country, our partners in administering payroll deductions requirements **npw.payroll.ca**.

To keep informed on changes to slips and summaries filed on or after calendar year 2024, go to **canada.ca/taxes-slips**, and select "T4 slip -- Information for employers" or "T4 summary -- Information for employers."

Did you know you can submit payroll documents online? The "Submit documents" service lets you or your representative securely send documents electronically to the CRA. You can access this service directly through My Business Account or Represent a Client. If you have not already registered for My Business Account or Represent a Client, go to **canada.ca/taxes-business-online**.

We charged you a late remitting penalty on your source deductions remittance.

You have an outstanding arrears balance of \$120.09. Go to **canada.ca/payments** to see your payment options. If you are using a voucher to pay your arrears, please use the source deductions arrears payment voucher (PD7D). Do not use the current source deductions remittance voucher (PD7A or PD7ATM).

SWANA (Solid Waste Association of North America) CANADA ANNUAL CONFERENCE

NEXT CONFERENCE 2026

1. **ICMA (International City/County Management Association) Local Government Reimagined Conferences (information tabled Fall 2024 for consideration – conference agendas now available).**
February 26-28, Denver, CO, USA OR April 2-4, Milwaukee, WI, USA

Denver Topics:

- Centering Historically Excluded Communities in City Decision-Making
- Performance Measurement and Data-driven Decision Making in a Mid-sized City
- Fellowships, internships, and apprenticeships: The Role of Talent Development Programs on Attracting and Retaining Talent
- Elevating Employee Experience to Drive Organizational Success
- Orientation and Onboarding for New Elected Officials
- What Impact is Cannabis Regulations Having on Municipal Leaders Building Thriving Local Economies and Livable Communities?
- NASPO & Cooperative Procurement Overview
- Networking. The Power of Professional Friendships.
- Partnership Building to Advance Environmental Goals and Strengthen Community Resilience
- From AI Talk to AI Walk: Real-World Case Studies and the Reboot of the ICMA Smart Communities Committee
- Succession Planning Shouldn't Suck
- Community as an Asset, Not a Liability: Innovative Approaches to Partnership for Disaster Management and Resilience
- What Do Your Employees Really Want?
- Accessibility is About People.

- Unlocking Federal Resources for Future-proof Local Governments
- Collaborating for Change: How the Estes Valley is Tackling Workforce Housing and Childcare Challenges
- Utilizing Local Economic Development to their Full Potential in Rural Communities
- Charting Success: Helping Central Texas's Communities Thrive Amid Rapid Growth Through Leadership Investment
- Building a Net Zero Future: Lessons from Northglenn and Aspen's Electrification and Performance Standards Journey
- How Small Communities Accomplish Audacious Goals: Gunnison County Uses Strategic Planning to Achieve Big Results
- Employee Mentorship Programs: Engaging Employees Across the Organization
- Embracing GIS and AI to Reshape Economic Development in Local Governments
- Leveraging Intergovernmental Agreements between Cities to Advance Sustainability: The Opportunities and Challenges
- Strategic Synergy: Empowering City Administrators & HR Directors to Master the Art of Collaborative Contract Negotiations

Milwaukee Topics:

- Community as an Asset, Not a Liability: Innovative Approaches to Partnership for Disaster Management and Resilience
- Revisiting and Reimagining ICMA's Declaration of Ideals
- Managing Rapid Urbanization in Harmony with Existing Community Character. The Journey of Pittsboro, NC.
- Promoting Careers in Local Government – LOGO Career Expo
- AI in Government: 1 Year of Lessons + Hard Earned Wisdom
- Building Trust and Social Capital in Marginalized Communities: Strategies for Resilience
- Have You Ever Thought About Using Service Levels to Build Trust?
- NASPO & Cooperative Procurement Overview
- If You Package It, They Will Come: How Strategic Investments in Predevelopment Can Accelerate Community Goals
- We're Not Just Voters, We're Investors and Customers – Rethinking How the Public Communicates with Local Government
- Quitting is for Winners
- Placemaking First! A Strategy for Economic Development for First-Tier Suburbs
- A New Neighbourhood: Designing for Diversity Across Cultures and Family Structures
- Fraud.Theft.Lies. \$3.2M in Taxpayer Funds...Gone. A Community Turned Upside Down. What Happened Next?!
- How Midwest Governments Storm-Proof Disaster Operations
- Building Trust and Enhancing Emergency Preparedness: Lessons from "The Boy Who Cried Wolf."
- Productivity in PJs: Exploring the New World of Remote and Hybrid Municipal Work Environments
- Practical Tools for Neighbourhood Revitalization (Both Social and Physical)
- The Foundational Role of Performance Management Practices in the Age of Artificial Intelligence
- Teaching Someone to Fish: The Launch of a Successful Emerging Developer Training Program

- Enhancing Service Experience in the Public Sector
- Clean Energy Funding Strategies to Meet Audacious Goals
- Address for Success: Mapping Talent into Triumph

Will one of these conferences be beneficial to the Board? If so, which conference would be best for the Board?

2. SWANA Northern Lights Chapter

June 11-13, 2025 - Winnipeg, MB

Agenda to be finalized; however, the following topics are listed for presentations:

Safety	Landfills	EPR Programs
Recycling	Circular Economy	Insurance & Risk for Waste Sites
Collection Vehicles	Composting	Climate Change
Climate Adaptation	Alternative Technologies	Illegal Dumping
Global Recycling Markets and Commodities		
Waste and Diversion for Small and Remote Communities		
Indigenous Teachings, Experience, and Collaborations		
Collections – Curbside and community drop-off sites		
Managing and Motivating Staff		

Will this conference be beneficial to the Board?

3. WASTE EXPO 2024

May 5-8, 2025 - Las Vegas, Nevada, USA

Professional development opportunity for Operations, Recycling, Sustainability, Business Insights, Technology, and Innovation, etc. Latest vehicles, latest technology, and latest curriculum to improve the environment.

Agenda: To be determined

Christie has noted that this event is heavy on tradeshow and light on sessions.

NO RECOMMENDATION TO ATTEND THIS EVENT.

4. 3rd International Conference on Environmental Sustainability Through Waste and Recycling

April 23-25, 2025 - Houston, TX, USA

Agenda: To be determined

This is the only conference to focus on the topic of Sustaining our Environment and Managing and Recycling our Waste.

Topics Noted for Sessions include:

Wastewater Treatment

Plastic & Polymer Recycling Technology

Environmental Impact

Transitioning to Circular Economy

Food and Agricultural Waste Recycling
Reduce, Reuse and Recycle
Waste to Energy
Zero Waste
Resource Recovery
AI in Recycling
Waste Management technologies
Recycling Methods
Chemical Waste Recycling
Community Trends and Behavioural Habits
Nanowaste and Recycling

Sustainable Practices
Governance, Regulations and Policies
Economic Challenges
Bio-Medical Waste
Waste Oil Recycling
Environmental Modelling
Digitizing the Waste Industry
Technology and Innovation
Effects of 3R's in Climatic Change
E-Waste Recycling and Management

Will this conference be beneficial to the Board?

5. Canadian Waste to Resource Conference

June 17-18, 2025 – Niagara Falls, ON

Agenda: To be determined

Conference Description:

Join us at the Ultimate Business, Networking and Learning Opportunity of the Canada's Premier Conference for Waste Management, Recycling and Resource Recovery Sectors!

With over 55 presenters, over 400 delegates, and exhibitors from across Canada, the U.S., and Europe, this year's event, will be held from June 17 & 18, brought together a diverse range of thought leaders, industry professionals, and policymakers, who shared valuable insights and innovative solutions to drive the circular economy.

Will this conference be beneficial to the Board?

6. FCM (Federation of Canadian Municipalities) ANNUAL CONFERENCE & TRADE SHOW 2025

May 29-June 1, 2025 – Ottawa, ON

Agenda: To be determined

Join elected officials from coast to coast to coast for FCM's 2025 Annual Conference and Trade Show and Canada's largest pan-Canadian gathering of elected officials.

Through our thoughtfully chosen activities and programming, AC 2025 will help you foster connections with your peers, partners and federal representatives while providing you with the tools and insights you to address challenges and embrace new opportunities for municipal success.

More information coming soon!

Will this conference be beneficial to the Board?

7. FCM Sustainable Communities Conference – NO CONFERENCE NOTED FOR 2025

8. SWANA Atlantic Chapter Conference

May 28-30, 2025 – Dartmouth, NS

Agenda: To be determined

Will this conference be beneficial to the Board?

9. 12th International Conference on Sustainable Solid Waste Management

June 25-28, 2025 – Paphos, Cyprus

Agenda: To be determined

The Conference aims to address the significant issue of sustainable solid waste management through the promotion of safe practices and effective technologies including anaerobic digestion and waste-to-energy. The conference focuses mainly on solid waste technologies and to inform participants about the latest developments in the field of municipal solid waste management.

Topics include: Separation at source; biological treatment; treatment at central facilities; waste prevention; biowaste utilization; recycling promotion; waste-to-energy technologies and energy recovery; smart technologies for waste management; sludge management; agricultural and livestock waste management; management of specific waste streams, i.e., construction and demolition waste, waste from electrical and electronic equipment, etc.

Will this conference be beneficial to the Board?

10. SWANA R-Con 2025 (formerly SWANA WasteCon) – *Board attended historically*

November 12-15, 2025 – Columbus, OH, USA

Agenda: To be determined

RCon will focus on advancing the understanding of waste as a resource, and it will be the go-to platform for cutting-edge discussions, technologies, and practices. It's really the evolution of what's next, and it will provide a more effective and productive way to accomplish our mission and goals.

The "R" in RCon stands for resource because we are focused on being the catalyst for a shift in how the world thinks about solid waste. It also encompasses so many of the other 'R' words that our industry embraces including reuse, repair, recycle, renew, rethink, relevant, reconnect, refresh, and reimagine.

Will this conference be beneficial to the Board?

Overview

The 2025 SWANA Northern Lights Chapter Conference is coming to Winnipeg from June 11 to 13, 2025, with the theme: **"Waste Management All-Stars"**

Venue: [Delta Hotels by Marriott Winnipeg \(https://www.marriott.com/en-us/hotels/ywgdw-delta-hotels-winnipeg/overview/\)](https://www.marriott.com/en-us/hotels/ywgdw-delta-hotels-winnipeg/overview/), 350 St. Mary Avenue, Winnipeg, Manitoba R3C 3J2

Gear up and join us for three days of informative sessions, engaging networking events, hands-on training, facility tours, and opportunities to collaborate with others in the waste management field.

Here's what to expect:

- Top-notch sessions led by industry experts
- Networking opportunities with professionals in the waste management field
- Fresh ideas and insights to enhance your skills

◆ **Save the date!** Registration details and the full program will be available soon.

CALL FOR PRESENTATIONS

If you have some exciting work going on or a project that has taught lessons that you would like to share, let us know and you may get the opportunity to join a prestigious group of presenters at the Conference!

Possible topics for presentations include:

- Safety
- Landfills
- Recycling
- Circular Economy
- EPR
- Insurance and Risk for Waste Management facilities
- Global Recycling Markets and Commodities
- Waste and Diversion presentations on Small and Remote Communities
- Indigenous teachings, experience, collaborations
- Collections – curbside community drop-off sites
- Collection Vehicles
- Composting
- Climate Change
- Climate Adaptation
- Managing and Motivating Staff
- Illegal Dumping
- Alternative Technology

The deadline for Submission of Abstracts has been extended to January 17, 2025.

Submission of Abstracts:

1. Maximum abstract length is 300 words.
2. Please include the title of the presentation and the names of the author(s) and presenter(s) with a brief presenter bio and full contact information.
3. Abstracts should be submitted by email to:
Solid Waste Association of North America – Northern Lights Chapter
info@swananorthernlights.org (mailto:info@swananorthernlights.org?subject=NLC%20Conference%20-%20Abstract&body=Presentation%20Title%3A%0AAuthor%28s%29%20and%20Presenters%28s%29%3A%0

A discounted conference registration fee will be available for presenters of accepted papers.

Authors may submit more than one abstract, however the intent is to limit presenters to one topic.

Not all presentations will be accepted. The lead author will be notified by email if their presentation is accepted by February 21, 2025.

Student and academic presentations will be included in the conference. A student registration rate will be available.

Conference presentations may be included in the proceedings (posted on the SWANA NLC web site).

2025 Market Leaders

Conference: May 5-8, 2025

Expo Hall: May 6-8, 2025

Las Vegas Convention Center

Why Attend

Attendees come to connect with the industry.

Whether you are from a private or public waste management company, an organics or food waste management company, or a manufacturer/supplier from the U.S. or abroad, you can count on WasteExpo to bring the entire industry together under one roof for the premier waste event of the year!

More than **85%** would recommend WasteExpo to their colleagues

What can YOU expect?

Network with over 14,000 participants

Meet waste and recycling professionals, industry experts, and top solution providers from both the US and abroad. Connect with the industry, share best practices, and walk away with meaningful new contacts at **North America's largest solid waste, recycling, and organics event.**

Engage with 550+ exhibitors

Explore a diverse conference program

Get the products you need from exhibitors prepared to guide you to the best solutions for your business. WasteExpo showcases a variety of high-quality products, from carts, balers, and containers to recycling gear, truck bodies, and waste-to-energy services, helping you make the most of your time onsite.

Dive into a conference program with **100+ sessions** and **over 300 speakers!** With technology and innovation as the underlying themes, learn with tracks focused on recycling/landfill, fleet management/collection, organics, safety, food recovery, and more! **This year's conference program will be available in early 2025.**

Who attends WasteExpo?

Waste Services Companies

(Private or Publicly Traded Refuse Firms, Landfill Owners/Operators, Independent Contractors)

Waste Generators

(Businesses and Organizations that Create Waste in Manufacturing, Retailing and/or Providing Services)

Government Officials

(Municipalities, County Agencies, Regional Authorities, Special Districts, State and Federal Governments, Public Landfill, Composting, and Anaerobic Digestion Sites)

Transportation

(Trucking Professionals, Suppliers, Fleet Owners, Operators, Maintenance, Professionals)

Recycling Firms

(Secondary Materials Processors, Contractors, and Recyclers)

Consulting Engineering Firms

(Consultants, Architects, R&D Organizations)

Composting & Organics Recycling Professionals

Healthcare Waste/Medical Waste Professionals

Legal, Insurance & Financial Firms

Distributors & Dealers

Food Waste Recovery Experts

Equipment Manufacturers

General Contractors

Software Companies

3rd International Conference on
**Environmental
Sustainability Through
Waste And Recycling**

April 23-35, 2025 Houston, TX

INNOVATING TO ENSURE SUSTAINABLE FUTURE

The 3rd International Conference on **Environmental Sustainability through Waste Management and Recycling (ENSURE-2025)** is the only conference in the United States to focus on broadened topic of Sustaining our Environment and Managing & Recycling our Waste.

With the theme of Innovating to Ensure Sustainable Future, ENSURE will facilitate a unique forum to exchange innovative ideas, discuss today's pressing issues and collaborate to form cross-organizational partnerships.

ENSURE will be a well rounded conference with participants majorly from Academics, Industry and Government Entities. Embark with us on this exciting journey containing thought-provoking Plenary talks, Keynote talks, Discussion Panels, B2B Meetings, Poster symposia, Video Presentations, and Workshops.

Date:

April 23-25, 2025

Venue:

Double Tree by Hilton

Who will you meet?

Join your fellow changemakers from Academia and Industry for an exchange of new ideas to accelerate the transition to sustainability.

The program brings together key stakeholders to share knowledge, discuss trends in policy, research and industry.

Attendees will Include:

Scientists

Researchers

PhD Candidates

Industrialists

Technologists

Local government agencies

Management authorities

Scientific Sessions

- Wastewater Treatment
- Plastic & Paper Recycling Technology
- Food and Agricultural Waste Recycling
- Reduce, Reuse and Recycle
- Waste to Energy
- Zero Waste
- Resource Recovery
- Waste Management technologies
- Recycling Methods
- Environmental Impact
- Transitioning to Circular Economy
- Sustainable Practices
- Governance, Regulations and Policies
- Economic Challenges
- Bio-Medical Waste
- Environmental Modelling
- Digitizing the Waste Industry
- Technology and Innovation
- Chemical Waste Recycling
- Effects of 3R's in climatic change
- Community Trends and Behavioural Habits
- E-Waste Recycling and Management
- AI in Recycling
- Nano-Recycling

To view the tentative program click on the link below and fill the form -<https://wasteandrecycling.org/>

Special Features

- Plenary Session
- Oral Presentation
- Panel discussions
- Interactive poster session
- Networking Breaks
- Cross-disciplines Collaborations

Registration

All participants, except non-attending co-authors, must pay the appropriate registration fee.

Category	Academic	Industry	Government	Delegate	Student	Virtual
Pre-Early Bird	\$599	\$699	\$699	\$499	\$399	\$299
Early Bird	\$649	\$749	\$849	\$549	\$499	\$399
Mid-Term Registrations	\$799	\$899	\$999	\$699	\$599	\$499
Late Registrations	\$999	\$1099	\$1199	\$899	\$599	\$599

Accommodation

April 28-30, 2025 (3 Nights)	
Single Occupancy	\$520
Double Occupancy	\$600

To Register online: https://ensure.unitedscientificgroup.org/registration_form

Registration includes

- Welcome coffee
- Access to main conference sessions, exhibits, poster sessions and round table discussions
- Conference material
- Lunch, tea / coffee breaks during the conference days
- Wi-Fi in meeting rooms

Sponsorship Guide

Support the event and take the advantage of getting connected with your target audience!

The United Scientific Group (USG) organizes interdisciplinary International conferences to show case on cutting-edge basic and applied research outcomes within engineering, life sciences including chemistry and other diverse role of science and technology in society.

Environmental Sustainability through Waste and Recycling (ENSURE-2025) three-day conference will give attendees a chance to interact, learn, and engage with the business industry's foremost researchers, while tackling the pressing issues that face the new generation. Participants will be top level representatives from sectors like prominent commercial; regulatory; scientific organizations and academic institutes.

USG offers several opportunities for sponsors to demonstrate their support towards science and its people by providing financial contributions to facilitate the presentations of noble research findings, and other necessary management for the scientific gathering.

3rd International Conference on Environmental Sustainability Through Waste and Recycling
April 23–25, 2025
Houston, Texas

SESSIONS THEMES INCLUDED IN ENSURE-2025

Wastewater Treatment
Plastic & Polymer Recycling Technology
Food and Agricultural Waste Recycling
Reduce, Reuse and Recycle
Waste to Energy
Zero Waste
Resource Recovery
AI in Recycling
Waste Management technologies
Recycling Methods
Environmental Impact
Transitioning to Circular Economy
Sustainable Practices
Governance, Regulations and Policies
Economic Challenges
Bio-Medical Waste
Waste Oil Recycling
Environmental Modelling
Digitizing the Waste Industry
Technology and Innovation
Chemical Waste Recycling
Effects of 3R's in climatic change
Community Trends and Behavioural Habits
E-Waste Recycling and Management
Nanowaste and Recycling

CANADIAN WASTE TO RESOURCE CONFERENCE

June 17 & 18 2025

Niagara Falls, ON

Join us at the Ultimate Business, Networking and Learning Opportunity of the Canada's Premier Conference for Waste Management, Recycling and Resource Recovery Sectors!

With over 55 presenters, over 400 delegates, and exhibitors from across Canada, the U.S., and Europe, this year's event, will be held from June 17 & 18, brought together a diverse range of thought leaders, industry professionals, and policymakers, who shared valuable insights and innovative solutions to drive the circular economy.

Why Exhibit?

- Two days of Inspiration & Learning with over 400 delegates consisting of top-tier public and private executives in the Canadian Waste and Recycling Industry.
- Sell your products & services directly to senior executives & decision makers!

Why Sponsor?

- Are you interested in leveraging your business in the Canadian Waste and Recycling Industry to meet your business objectives?
- Sponsorship helps build on branding positioning, awareness and provide visibility and thought leadership for your business.

Annual Conference and Trade Show 2025

When: **May 29 to June 1, 2025**

Where: **Rogers Centre Ottawa, Ontario**

Join elected officials from coast to coast to coast for FCM's 2025 Annual Conference and Trade Show and Canada's largest pan-Canadian gathering of elected officials.

Through our thoughtfully chosen activities and programming, AC 2025 will help you foster connections with your peers, partners and federal representatives while providing you with the tools and insights you to address challenges and embrace new opportunities for municipal success.

More information coming soon!

ATLANTIC CANADA CHAPTER

2025 TECHNICAL SUMMIT

MAY 29 AND 30, 2025

DELTA DARTMOUTH BY MARRIOTT

240 BROWNLOW AVENUE, DARTMOUTH NS

WWW.ATCANSWANA.ORG

Event Details

Don't Miss this Opportunity! May 29th and 30th, 2025

Planning is underway for the 2025 Atlantic Canada Chapter of the Solid Waste Association of North America's Technical Summit. It is set for May 29th and 30th, 2025, with the opportunity for a bonus facility tour on May 28th. This day and a half event is designed for solid waste professionals, government officials, municipal managers as well as private sector partners from across Atlantic Canada and beyond. This summit is an opportunity to share ideas, network in person and learn about new trends and technologies within our industry.

Hotel Details

The Delta Hotels by Marriott Dartmouth is offering special discounted rates starting at \$190 per night. Subject to availability. **Reservations must be made by April 29, 2025 in order to secure the group rate.**

Individuals may book by phoning the Delta Dartmouth at (902) 468-8888 and ask to book the 2025 SWANA Conference rate. Alternatively, rooms can be booked by clicking the following link.

We are pleased to invite you to the "**2nd World Congress on Recycling and Waste Management**" set to take place on **June 9-10, 2025, in Zurich, Switzerland**. The conference will emphasize the theme: ***Leading the Way in Advanced Recycling and Waste Management Practices***.

Recycling & Waste Management 2025 provides a unique platform for academics and professionals globally, fostering awareness and encouraging sustainable practices to promote an eco-friendly environment.

The congress will delve into advanced topics in Recycling and Waste Management, drawing participation from researchers, ecologists, environmental experts, and professionals in Chemical, Civil, and Mechanical Engineering, Environmental Science, Recycling. Leaders from industries such as paper, plastic, glass, metal, and textile recycling, along with business entrepreneurs, esteemed professors, association people and students, will find this an ideal forum to exchange and gain the latest insights in these fields.

Conference Highlights

Recycling 2025 will explore a broad spectrum of topics, including but not limited to:

1. E-Waste Recycling and Management
2. Industrial Waste Recycling
3. Solid, Paper, Food, Rubber, Metal and Plastic Recycling
4. Green Chemistry & Green Revolution
5. Environmental Science, Pollution Control and Climate Change
6. Renewable Energy, Sustainable energy and Economy
7. Petrochemical and Oil Recycling, Biofuels and Bioenergy
8. Theoretical and Computational Recycling

Recycling & Waste Management 2025 salient features

1. Meet Academia and Industry visionaries to get inspired
2. Expand your knowledge and find solutions to problems
3. Knowledge, Benchmarking and Networking offered at one place
4. Forge connections and for global networking
5. Highly Organized and Structured Scientific programs
6. Poster presentations and world class exhibitions
7. Meet with new vendors and suppliers

Upcoming Recycling Event, Waste Management Congress, Environmental Engineering Conference.

Chemical Engineering Event, Circular Economy Congress, E-waste and Plastic Recycle Conference, Sustainable Energy and Green Chemistry Event, Petrochemical and Oil Recycling Congress, Pollution Control and Climate Change Conference, Nanotechnology Event, Civil and Environmental Engineering Conference, Material Science Congress

Why Choose Us

1. CPD Accreditation Credits
2. Global Recognition
3. Engage in high-level debates and refine your ideas
4. Publication of Abstracts in Conference Proceedings
5. Deep Learning and Sharing knowledge
6. Exposure to the Upcoming Business Trends
7. Assessing the Research & Communication of Research Discoveries
8. Participation Certificate with International Signatories
9. Networking with attendees across the Globe

We look forward to welcoming you to Zurich, Switzerland.

Best regards,
Organizing Committee
2nd World Recycling & Waste Management Congress 2025

RCon™ 2025: Exhibit

Trade Show Information

Event Dates: November 12 – 15, 2025

Exhibit Hall Open: November 12 – 14, 2025

**Location: Columbus Convention Center
Columbus, Ohio**

Exhibitor: Join your colleagues from across the industry for SWANA's new event, RCon™, taking place November 12-15, 2025 at the Columbus Convention Center in Columbus, Ohio.

RCon is a totally new event replacing SWANA's legacy events, SOAR and WASTECON® — the evolution of what's next!

RCon will be where waste and resource management professionals come to think. The full SWANA experience will be on display at RCon, offering a platform for considering the best pathways forward for the future.

Create a lasting impression with event attendees and exhibitors, many of whom are key leaders and decision-makers in solid waste and resource management. Become an integral part of a dynamic community that pursues groundbreaking approaches while growing your knowledge base through networking and attendee interaction.

RCon is THE place for waste and resource management professionals to:

- Discuss current industry topics
- Attend technical sessions
- Explore cutting-edge products and services

Why Exhibit at RCon?

SWANA is the premier member-based association for the waste and resource management industry, representing 10K public and private sector professionals in the US, Canada, the Caribbean, and the Pacific Basin. SWANA is the one organization that brings together waste and resource management professionals from the public, private, university, and non-profit sectors.

Picture YOUR organization attracting attention from key decision-makers. An exhibit will give you the forum to build substantial rapport with industry leaders.

Join your colleagues and present products and services to propel the field of solid waste and resource management forward in exciting new directions.

What are RCon attendees seeking?

- Anaerobic Digestion Services & Technologies
- Business Services
- Collections Truck Bodies & Chassis
- Compactors
- Composting Equipment & Technologies
- Computer Hardware & Software
- Consulting Services
- Containers

- Energy Solutions
- Engineering Services
- Environmental Consulting
- Hazardous Waste Equipment & Services
- Landfill Equipment & Services
- Odor Control Equipment
- Online Training
- Documentation
- Organics Processing & Equipment
- Recycling Handling & Processing Equipment
- Recycling Systems
- Routing Software
- Safety Solutions & Technology
- Scalehouse Software & Technology
- Trailers
- Transportation Management Logistics
- Truck Equipment
- Waste Services Companies
- Waste-to-Energy Products & Services
- Wireless Communication

RCon Attendee Overview

Directors, supervisors, managers, owners, and operators attend from:

- Transfer Stations
- Hazardous Materials Management
- Material Recovery Facilities (MRFs)
- Recycling Programs
- Landfills
- Biogas Systems
- Landfill Gas
- Waste-to-Energy

Attendees are decision-makers and strongly influence purchases to help them solve critical challenges in:

- Equipment
- Design Services
- Engineering
- Regulatory Compliance
- Safety
- Leadership Tools
- Automation
- Artificial Intelligence
- Technology
- Thought Leadership
- Environmental Consulting
- Marketing & Communications

Where Waste and Resource Management Leaders Come to Think
Join us at the all-new SWANA event in Columbus, Ohio, November 12-15, 2025

RCon™ is a totally new event replacing SWANA's legacy events, SOAR and WASTECON —the evolution of what's next!

- **Focused on advancing waste as a resource**
- **Positions SWANA to lead the narrative around sustainable resource management**
- **The go-to platform for cutting-edge discussions, technologies, and practices**

For the latest RCon™ updates, stay connected with SWANA via its social channels on LinkedIn, Instagram, and Facebook and on this website.

SWANA renames WasteCon for 2025 and beyond

Solid waste association says RCon event next November in Columbus, Ohio, will replace its longtime WasteCon conference and expo.

BY **BRIAN TAYLOR, SENIOR EDITOR**

PUBLISHED OCTOBER 22, 2024 | UPDATED OCTOBER 23, 2024

 [Listen to article](#)

[SUBSCRIBE](#)

will focus on “waste-as-a-resource” diversion and conversion methods and technologies.

The 2025 version of the event will be held in Columbus, Ohio, on Nov. 12-15, 2025. SWANA says RCon will focus on its “principles of activating resource management and being climate champions.”

“This is a totally new conference that will replace SWANA’s legacy events, SOAR and Wastecon,” SWANA board President Tammy Hayes says. Wastecon has been a regional or national SWANA event for some 60 years, with its roots tracing to California in the 1960s. SOAR was introduced in 2022 as a technical conference.

“RCon will focus on advancing the understanding of waste as a resource, and it will be the go-to platform for cutting-edge discussions, technologies and practices,” Hayes says. “It’s really the evolution of what’s next, and it will provide a more effective and productive way to accomplish our mission and goals.”

SWANA says the renamed and reconfigured event will focus in part on “considering the best pathways forward for the future.”

Hayes says a young professionals focus group and other fractions of SWANA’s membership were instrumental in selecting the new name.

“The ‘R’ in RCon stands for resource, because we are focused on being the catalyst for a shift in how the world thinks about solid waste,” she says. “It also encompasses so many of the other ‘R’ words that our industry embraces including reuse, repair, recycle, renew, rethink, reconnect, refresh and reimagine.”

“Another ‘R’ word that is important to this new event is ‘relevant,’” adds Amy Lestition Burke, executive director and CEO of SWANA. “As the emphasis and necessity of protecting public health and the environment continues to grow, SWANA is positioned to lead the narrative around sustainable resource management. We play such a vital role and will bring new thought leadership on these critical topics with RCon.”

EASTERN REGIONAL SERVICE BOARD
BRIEFING NOTE / REPORT

TITLE:	Joint Councils Update
MEETING DATE:	2025-01-29
TO:	Board / Finance & Audit / Strategy & Policy / Governance
PREPARED BY:	Holly Power, Board Clerk and Outreach Coordinator
REVIEWED BY:	Craig Drover, Director Corporate Services
APPROVED BY:	Lynn Tucker, Chief Administrative Officer

RECOMMENDED ACTION:

No recommended action. For information purposes only.

MOTION:

N/A

BACKGROUND/DISCUSSION:

- The Southern Shore Joint Council (SSJC) last met on Thursday, January 9th.
- The lack of broadband and cellular service was discussed as a major issue in the area, so the joint council has agreed to reach out to Bell Aliant, along with their local MHA and MP to request a meeting and discuss the matter further.
- The SSJC is scheduled to meet again on Thursday, February 6th.
- The Northeast Avalon Joint Council (NEAJC) continues to meet on the second Wednesday of every month with their last meeting held on Wednesday, January 8th.
- The NEAJC's AGM was held on the same evening as their regular monthly meeting.
- An election of officers took place at the AGM and the results were as follows:
 - Chair – Councillor Isabelle Fry of Mount Pearl
 - Vice Chair – Deputy Mayor Kimberley Street of Paradise
 - Treasurer – Deputy Mayor Andrea Gosse of Conception Bay South
- The NEAJC is still interested in discussing an Urban Transit System. The Provincial Government has something afoot which MetroBus plans to present to the Joint Council when details become available.
- The next NEAJC meeting will take place on the evening of Wednesday, February 12th.
- All MHAs, RCMP, RNC, MPs and other delegates will continue to receive ongoing invitations to joint council meetings throughout the Eastern Region as communication and working together is key.

Subject: RE: Deer Park. Eastern Regional Service Board garbage collection fees.
Date: January 22, 2025 2:08:00 PM
Attachments: [image001.png](#)

Good afternoon,

The Eastern Regional Service Board (ERSB) is not permitted to provide services on these roads. The ERSB is bound by the agreement with the Provincial Government that directed ERSB to withdraw waste services from all un-serviced roads in unincorporated areas as per the Ministerial Directives. The Provincial Government has not made any changes to that agreement or provided any other direction to ERSB. Therefore, ERSB will continue to abide by all terms and conditions of the agreement.

Kindest regards,
Lynn

Subject: Re: Deer Park. Eastern Regional Service Board garbage collection fees.

Lynn given the passage of time demographics on the Salmonier Line have changed. I believe we are seven years out since ERSB first assessed the need or desire for garbage disposal services in that area. Does the ERSB plan on assessing the needs again?

Thank you,

Sherry Gambin - Walsh
MHA
Placentia - St. Mary's

Cc: Christie Dean <cdean@ersbnl.ca>; Hatfield, Ita <ItaHatfield@gov.nl.ca>
Subject: RE: Deer Park. Eastern Regional Service Board garbage collection fees.

Good day,

I would be pleased to address your questions. The terms and conditions for the access cards state that one card per household will be issued to property owners in the Eastern Regional Service Board's service area. The Salmonier Line is a part of the ERSB's Conception Bay Center contract/service area and property owners may apply for an access card for the waste recovery facilities. As a former Minister, you are aware that these facilities are operated in accordance with the Certificate of Approval to Operate (CofA) as provided by Digital Government and Service NL. This CofA outlines the materials that are acceptable and not acceptable at these sites. I have attached a pamphlet that includes information for use of these sites and a list of items – both acceptable and unacceptable – is also below.

These sites were developed by the Provincial Government to accept bulk/oversized items only and there is no landfilling on these sites. Therefore, we are not permitted to accept any organic or decomposing items such as regular household garbage, recyclables including cardboard, clothing, books, etc. Only bulk waste or oversized items may be dropped off at the waste recovery facilities. These facilities are not intended to provide residents a way around paying for curbside waste collection which wouldn't be fair to all other property owners who pay for that service.

The residents you refer to will have to find alternate waste collection or take their regular household garbage to the regional landfill at Robin Hood Bay. They cannot bring their regular weekly household garbage or bi-weekly recyclables to any waste recovery facility.

As part of the agreement with the Provincial Government in response to the Ministerial Directives of 2018/2019, the ERSB canvassed all property owners on un-serviced roads in unincorporated areas to determine if they wanted to keep the waste collection services. A resounding seventy-nine percent (79%) of property owners on side roads off Salmonier Line chose to have the waste services removed.

Kindest regards,
Lynn

Below is the list of acceptable and unacceptable items for these facilities.

Accepted Items:

- Furniture
- Mattresses
- Appliances (fridges and freezers must have doors/lids removed)
- Scrap metal
- Electronics*
- Tires, including ATV, highway, passenger, light truck, and motorcycle (rims must be removed before drop-off)
- Propane tanks (with valves removed)
- Construction and demolition waste (including wood debris and shingles)
- Trees and branches less than 3 meters in length and 6 inches on the round.

Items Not Accepted:

- Black/Clear bag garbage
- Recyclables or anything in transparent blue bags
- Organic materials (food, cardboard, books, leaves, grass clippings)
- Footwear, clothing, or textiles (curtains, bedding, fabric)
- Pressurized containers
- Brick and concrete
- Hazardous waste
- Liquids
- Fish nets and ropes

Cc: Christie Dean <cdean@ersbnl.ca>; Hatfield, Ita <ItaHatfield@gov.nl.ca>

Subject: RE: Deer Park. Eastern Regional Service Board garbage collection fees.

Thank you, Lynn. The terms and conditions for access cards and facility use state that cards will only be issued to owners of eligible properties in the ERSB service area. What is the definition of eligible properties, and can household garbage in clear bags be brought to the facility by residents?

In other words, can residents who permanently live on class 4 roads in unincorporated areas off the Salmonier Line apply for an access card and bring their household garbage in clear bags to the waste facility in St. Joseph's 16 times a calendar year?

Sherry Gambin – Walsh
Member of the House of Assembly

District of Placentia – St. Mary's

From: Lynn Tucker <ltucker@ersbnl.ca>

Sent: Tuesday, January 21, 2025 2:51 PM

To: GambinWalsh, Sherry <SherryGambinWalsh@gov.nl.ca>; Simms, Randy <randysimms@gov.nl.ca>

Cc: Christie Dean <cdean@ersbnl.ca>; Hatfield, Ita <ItaHatfield@gov.nl.ca>

Subject: RE: Deer Park. Eastern Regional Service Board garbage collection fees.

Good day,

All residents of the District of Placentia-St. Mary's have access to the ERSB's waste recovery facilities. These are regional facilities. The residents you refer to may apply for an access card – they don't have to be in receipt of waste services to apply for an access card. All information and the application can be found on our website at <https://easternregionalserviceboard.com/residents/waste-recovery-facilities/>.

To clarify one point, for those families you refer to, the ERSB is not permitted to provide waste services to those roads. Its not that "ERSB will not provide service". We were providing waste services, but the Ministerial Directives of 2018/2019 saw the withdrawal of services from all un-serviced roads in unincorporated areas, such as the roads you refer to. Despite not being in receipt of waste services through ERSB, those residents may still take their bulk/oversized waste items to one of the Board's waste recovery facilities.

I hope this assists you in responding to your constituents.

Kindest regards,
Lynn

Cc: Christie Dean <cdean@ersbnl.ca>; Hatfield, Ita <ItaHatfield@gov.nl.ca>

Subject: RE: Deer Park. Eastern Regional Service Board garbage collection fees.

Lynn, I am referring to residents in the district of Placentia – St. Mary's who ERSB are not servicing because they reside on a class 4 road. They are permanent residents and cannot dispose of their bulk garbage at the local disposal sites.

There are twelve families in the Governor's Park area, families that reside on The Wild's Road and Fraser's Loop who are permanent residents and ERSB will not provide service to them and they cannot purchase a card to access the disposal site. ERSB is not offering the option for permanent resident's to purchase garbage service.

Dear MHA Gambin-Walsh,

I would be happy to provide you the information requested below. The LSD of Deer Park/Vineland Road has been in receipt of waste services through the Eastern Regional Service Board (ERSB) since 2014. The Ministerial Directives of 2018/2019 saw ERSB withdraw waste collection services from un-serviced roads in unincorporated areas effective December 31,

2019 as per the agreement with the Province that can be found on our website at https://easternregionalserviceboard.com/uploads/ERSB_Plan_for_Implementation_of_Ministrial_Directives_Revised_DEC_19_2019.pdf. The Ministerial Directives did not apply to the LSD of Deer Park/Vineland Road.

Regarding the access cards for the waste recovery facilities, I would be happy to provide more information; however, I am unaware of any resident who has been denied a card if they have a property in the ERSB's service area and can provide a civic address. All information about the access cards and the application process can be found on our website at <https://easternregionalserviceboard.com/residents/waste-recovery-facilities/>. If you would send along the details of those who reported that to you, we would be happy to follow up. Please note, however, that access cards are for residents only and are not for commercial users for business owners.

I hope this addresses your questions. If not, please don't hesitate to let me know.

Lynn

Subject: RE: Deer Park. Eastern Regional Service Board garbage collection fees.

Thank you, Randy. Lynn has responded to my inquiries in the past. I will message you about a plan for new residential areas not covered under the ERSB. I do believe we need another approach as residents cannot get a card for the dump and cannot dispose of bulk garbage in several areas in my district.

Hi MHA Gambin-Walsh,

The questions being posed are best answered by the folks at Eastern Waste. They would have the details surrounding which roads are covered by their service and which are not. Many roads in cabin areas are classified as class 4 roads and those areas do not fall under the waste management system, but other roads are serviced so the Eastern Waste Management Board provides service to those areas.

By way of my response to you I am forwarding your email inquiry to Christie Dean and Lynn Tucker at the ERSB. They will be able to provide an accurate response for the lady's questions.

Thanks,

Randy

Randy is EWM under ECC these days or MPA? I have a question in the email below.

Good day.

I am a cottage owner in the Deer Park area.

Can I have some insight on why I have to pay a yearly fee to Eastern Regional Service Board for garbage collection?

I don't have an issue. But just 10 mins or 15 mins down road in Brigus junction they are not mandated into these fees.

My understanding is that we are the only cottage area on Avalon required to pay these fees.

Thanks.
