1. Call to Order

Mr. Mullowney, Chairperson, called the meeting to order at 7:01 p.m.

2. Adoption of Agenda

The agenda was tabled for approval.

MOTION 2022-036 Moved By Mr. Vardy Seconded By Mr. Vaters

BE IT RESOLVED that the agenda be adopted as tabled.

Carried Unanimously

3. **Review of Minutes**

The minutes from the previous meeting were tabled for review and approval.

MOTION 2022-037

Moved By Mr. Froude Seconded By Ms. Ravencroft

BE IT RESOLVED that the minutes from the April 27, 2022 meeting be adopted as tabled. Carried Unanimously

4. **Committee Reports**

a) Finance & Audit Committee

Mr. Hickman, Committee Chair, delivered the Finance and Audit Committee report.

1. **Board Expenditures**

Board expenditures for the month of April were tabled for review and approval. There were no questions or concerns.

MOTION 2022-038 Moved By Mr. Hickman Seconded By Mr. Delaney BE IT RESOLVED that the Board adopt the expenditures for the month of April as tabled. Carried Unanimously

2. Incorporated Towns Payment Activity Report

An update on the incorporated towns' payment activity dated May 2, 2022 was provided.

There were no questions or concerns.

3. Q1 Financial Report

Mr. Hickman referred to the documents that were provided in the meeting package.

He noted that salaries and benefits are on budget for the first quarter. Almost all budget categories are currently showing as under budget, and this could be a result of the timing in the receipt and processing of invoices.

Mr. Hickman reported an increase in vehicle operating costs due to the significant increase in fuel costs. However, he was pleased to note that the Board recently received notice of reduction in the costs of vehicle registrations that equates to savings of about \$29,000 annually.

There were no questions or concerns regarding the Q1 Financial Report.

4. Investment Possibilities

Mr. Hickman informed the Board that staff were contacted by the Bank of Montreal who provided information regarding the Board's investment possibilities, such as short-term GICs. With interest rates on the rise, it was recommended that the Board obtain and review some possible options to ensure that the cash on hand and the short-term investments could be used most beneficially by the Board. Mr. Hickman reported that an analysis of the options will be completed and brought forward to the Finance and Audit Committee.

b) Strategy & Policy Committee

Mr. Korab, Committee Member, delivered the Strategy and Policy Committee report.

1. Ongoing Issues and Meeting Requests with the Town of Harbour Grace Regarding the Waste Recovery Facilities

Mr. Korab reminded the board that several meeting requests have been sent to the Town of Harbour Grace over the past few years. He noted that the difficulty of scheduling was discussed at the Committee meeting and that an email was sent to the Town requesting possible dates and times for the meeting. To date, no response has been received from the town.

The Chair informed members that this item will be added to the agenda for a meeting with the Minister of Municipal and Provincial Affair if a meeting time is not agreed upon with the Town prior to meeting with the Minister.

2. 2021 Waste Operations Report

Mr. Korab referred to the annual waste operations report that was included in the meeting package.

He reported that approximately 23,000 households received waste collection services from the Board in 2021 and there appeared to be no change in diversion rates or participation in the Eastern region. He was pleased to note that there were no delays in waste collections due to COVID-19 as there had been in the previous year.

In 2021, approximately 37,654 clients visited the Board's waste recovery facilities. This is an increase of 10% over 2020 which had approximately 34,140 client visitations.

Overall, staff were pleased with the outcome of 2021 and there were no questions or concerns.

3. Q1 Water/Wastewater Operator's Report

Mr. Korab referred to the Water/Wastewater Operator's Report for the first quarter was included the meeting package for members' information.

He noted that the Board's Water/Wastewater Operator continues to work with 19 communities in the Eastern region and provides positive updates on the

program. He is pleased with the first quarter and continues to work diligently with these communities to further the positive work of ERSB into the second quarter of 2022.

4. 2023-2027 Strategic Plan Development

Mr. Korab notified members of the Committee's agreement that the development of a new strategic plan will be impacted by the provincial government's recently released regionalization plan.

He reminded the Board that a meeting has been requested with Municipalities Newfoundland and Labrador (MNL) to discuss regionalization and the Board awaits a response.

Mr. Korab asked all members again to please send any suggestions or recommendations for items for consideration for the strategic plan to the CAO.

Discussion took place and it was recommended that a brainstorming session take place where members can get together and exchange ideas regarding the strategic plan. It was also suggested that a draft strategic plan should be prepared in advance of that session.

The CAO confirmed that she will continue to take suggestions from Board members for any changes they may want to see in the new plan. Over the next month or so, she will prepare materials and a draft outline of the strategic plan. In the fall, Board members will be asked to attend a session to discuss and consider the materials so that the final draft plan may be developed from there.

5. Signage Update

Mr. Korab provided an update on the changeover of the Board's signage at its waste recovery facilities, as well as it's head office at 255 Major's Path.

He noted that staff has contacted NATIONAL Public Relations, the Board's former agency of record regarding acquiring the Board's files so that the creation of new signage can be completed. However, since the onset of the pandemic, the company has had a large turnover of staff and they can't seem to locate the Board's files. This has resulted in delays.

The Board is currently in the process of recruiting a Communications Coordinator and once hired, that person will be tasked with assisting in the creation of new signage for the Board's facilities.

c) Governance Committee

There was no Governance Committee meeting held in May.

5. Correspondence

There was no correspondence to review.

6. New Business

There was no new business to discuss.

7. Upcoming Meetings

Board members were reminded of the following Board and Committees Meetings:

- a) The next meeting of the Board of Directors will take place by videoconference on Wednesday, June 22, 2022, at 7:00 p.m.
- b) The next meeting of the Finance & Audit Committee will take place on Thursday, June 9, 2022, at 12:30 p.m.
- c) The next meeting of the Strategy & Policy Committee will take place on Tuesday, June 7, 2022, at 2:30 p.m.
- d) The next meeting of the Governance Committee will take on Tuesday, June 14, 2022, at 10:30 a.m.

8. Adjournment

MOTION 2022-039

Moved By Mr. Mullowney Seconded By Mr. Korab

Seeing no further business to be discussed, **BE IT RESOLVED** that the meeting adjourned at 7:24 p.m.

RECOMMENDED ACTION:

• No recommended action as report for information only.

MOTION:

No motion required as report for information only

BACKGROUND/DISCUSSION:

- Salaries and Benefits are on budget to March 31st at 17.6% and 25% respectively.
- Almost all budget categories are below budget for Q1. This could be a result of the timing of invoices especially with vehicle repairs and professional services.
- As expected, and previously discussed, Vehicle Maintenance and Operations expenses are well over budget due to the increase in fuel costs, which continue to rise.
- Overall Operating expenditures at March 31st is at 20.8% of budget.
- Overall revenue invoiced as at March 31st was at 65.2% of budget.

BACKGROUND/DISCUSSION

- Waste Recovery Facilities (WRFs):
 - 37,654 clients visited these facilities in 2021. This is an increase of 10% over 2020 (34,140 clients).
 - In 2019, 40,350 clients used these facilities.
 - 945,600 kg of metals was diverted to an approved metal recycler. This is down from 1.3 million kg in 2020.
 - 13,095 tires were accepted by the Used Tire Recycling Program of the MMSB. This is down slightly from 2020 when 13,932 tires were accepted.
 - 226 pallets of electronic waste were diverted to EPRA's Recycle My Electronics
 Program. This is down from 2020 when 200 pallets of electronics were accepted.
 - 8.7 million kg of waste was transferred from the WRFs to Robin Hood Bay. This is down slightly from 2020 when 8.3 million kg was transferred to the regional landfill.
 - Other materials dropped off at these facilities includes household appliances, furniture, residential construction materials, shingles, floor coverings, etc.

- Curbside Waste Collections:
 - Approximately 23,000 households received waste services through ERSB in 2021.
 - \circ $\;$ There were no collection delays due to COVID-related issues.
 - \circ $\;$ There appears to be no change to diversion rates or participation.
- Clarenville Transfer Station (CTS):
 - \circ $\,$ Total waste moved from CTS to RHB:
 - Regular waste 5,614,320 kg;
 - Recyclables 401,530 kg
 - 224 trips to transport waste to RHB
 - For comparison, 2020 waste moved from CTS to RHB:
 - Regular waste 4,665,350 kg;
 - Recyclables 323,690 kg.

Waste Management Operations Summary Report 2021

Waste Recovery Facilities:

Waste recovery facilities (WRF) received material from approximately 37,654 clients. This is an increase from 2020 when there were 34,140 clients. In 2020 facilities were closed for approximately 2 months as ERSB followed provincial Covid-19 guidelines. However, this is a decrease from the 40,350 clients that visited our facilities in 2019, prior to the pandemic.

Materials received at the waste recovery facilities included: household appliances, furniture, electronics, residential construction materials, tires, metal, shingles, floor coverings, propane tanks (20 lbs. or less), trees, and branches.

Waste diversion activities included:

- 945,600 kg of metals was diverted to an approved metal recycler versus 1,340,360 kg in 2020 versus 1,020,260 kg in 2019;
- 13,095 tires were accepted by the Used Tire Recycling Program of the MMSB verses 13,932 tires in 2020, versus 12,924 tires, in 2019;
- 226 pallets of electronic waste were accepted by the Recycle My Electronics Program of the Electronic Products Recycling Association (EPRA) verses 200 pallets in 2020 versus 246 in 2019.

In 2021, 8,760,730 kg of waste was transferred from the WRFs to the Regional Waste Facility at Robin Hood Bay for disposal in the landfill.

In 2020, 8,326,540 Kg of waste was transferred. In 2019, 7,908,400 Kg of waste was transferred.

Please note that the Sunnyside location was closed from December 11, 2020 and re-opened April 2, 2021.

HHW Events:

Seventeen (17) events were held in 2021. The 2021 events resulted in approximately 701 residents disposing of their HHW materials. 5,906 liters of liquid HHW; 40 paint boxes (approximately 8,480 L of paint); 1040 kg of batteries, 369 compressed gas tanks, and 373 fluorescent light bulbs were collected.

Overall, the participation rate and the volume of HHW collected was lower than in 2019.

Curbside Collections:

There has been no meaningful change in curbside diversion rates between 2021 and 2016.

Clarenville Transfer Station (CTS):

in 2021, 5,614,320 Kg of waste and 401,530 Kg of recycling was received at the commercial portion of the facility. This required approximately 224 trips to transport the waste to the Robin Hood Bay regional landfill for disposal. For comparison purposes in 2020, 4,665,350 kg of waste and 323,690 kg of recycling was received at the commercial portion of the facility. In 2019, 5,520,840 kg of waste and 386,950 kg of recycling was received at the commercial portion of the facility.

Please see WRF portion of this report for residential drop off information as it relates to the Clarenville Waste Recovery Facility, above.
