

ERSB Board of Directors Meeting, Wednesday, April 24, 2024 Minutes

Eastern Regional Service Board Apr 24, 2024 at 6:00 PM NDT @ Municipal Complex, 9 Middle Pond Road, Long Harbour, NL

Attendance

Present:			
Members: Bill	Antle	(remote), Daniel (Dan	ny)
Breen	(remote), Jill	Bruce, Maggie	
Burton	(remote), Glenn C	larke, Tom Davis, Christie Dea	an, Rodney
Delaney	(remote), Craig D	rover, Ronald	Ellsworth, T.
Alexander	Hickman	(remote), Jamie	Korab,
Kevin	McDonald, Jason O	'Brien, Sheilagh	OLeary
(remote), Holly Power,	Ophelia	Ravencroft	(remote), Carl
Ridgeley, Steve Tessier	, Gerard Tilley, Lynn T	ucker, Mark	Vardy, Lawrence
Vaters, Hilda	Whelan		
Guests: Charles Bown			

I. Call to Order

The meeting was called to order at 7:01 p.m.

II. Adoption of Agenda

The agenda was tabled for approval.

Draft Agenda BOD Apr 24 2024.pdf

Motion:

BE IT RESOLVED that the agenda be adopted as tabled.

Motion moved by Steve Tessier and motion seconded by Lawrence Vaters . Carried Unanimously.

III. Review of Minutes

The minutes from the previous meeting were tabled for review and approval.

ERSB Board of Directors Meeting Wednesday, March 27 at 7pm (Dinner at 6pm) Minutes.pdf

Motion:

BE IT RESOLVED that the minutes from March 27, 2024 be adopted as tabled.

Motion moved by Steve Tessier and motion seconded by Jill Bruce . Carried Unanimously.

IV. Committee Reports

A. Finance & Audit Committee

Mr. Vaters, Committee Member, delivered the Finance and Audit Committee Report.

1. Board Expenditures

Board expenditures for the month of March 2024 were tabled for review and approval.

Cheque Register Mar 2024.pdf

Payroll Expense MAR 2024.pdf

BMO Statement March 2024.pdf

Motion:

BE IT RESOLVED that the Board adopt the expenditures for the month of March 2024 as tabled.

Motion moved by Lawrence Vaters

and motion seconded by Glenn Clarke. Carried Unanimously.

2. Incorporated Towns Payment Activity Report

An update on the incorporated towns' payment activity was provided by Mr. Drover. There were no questions or concerns.

2024 Incorporated Towns Payment Activity Report at April 3.pdf

3. 2023 Audit – Draft Financial Statements

Mr. Vaters provided an update on the 2023 Audit and noted that as of December 31, 2023, the Board's Current Assets total \$7 million and the Board's Tangible Capital Assets are valued at \$5.3 million. There were no questions or concerns.

Eastern Regional Service Board Draft FS 2023.pdf

Briefing Note - ERSB Draft Audited Financial Statements 2023.docx

Motion:

BE IT RESOLVED that the Board adopt the Financial Statements for the year ended December 31, 2023 prepared by Harris Ryan Professional Corporation as tabled.

Motion moved by Lawrence

and motion seconded by Tom Davis. Carried Unanimously.

4. Q1 Financial Update

Mr. Vaters referred to the briefing note that was provided in the meeting package and provided an overview, highlighting some key points of the Q1 Financial Update. There were no questions or concerns.

- 2024 Tipping Fee Projections.pdf
- 2025 Annual Fee Increase Analysis.pdf
- 5. Grapple Truck Repair Whitbourne Depot

Mr. Vaters referred to the briefing note that was provided in the meeting package and noted that Staff continues to investigate all options of repairing and/or replacing the Board's 12-year-old spare grapple truck. A short discussion ensued and it was agreed that an update with more information will be provided at next month's meetings.

Briefing Note - Whitbourne Tractor Engine Rebuild.docx

invoice 15823.pdf

invoice 15824.pdf

B. Strategy & Policy Committee

Mr. Tilley, Committee Chair, delivered the Strategy & Policy Committee Report.

1. Q4 2023 Waste Operations Report

Mr. Tilley referred to the briefing note that was included in the meeting package and highlighted some key points of the report. There were no questions or concerns.

2023 Waste Ops Annual Report 6Mar24.docx

2. Electrification of Waste Recovery Facilities – Update

Mr. Tilley noted that electrification of the Board's Waste Recovery Facilities has become necessary following an OH&S order from the spring of 2023. It was determined at that time that the propane heaters that were historically used inside the Site Attendant's huts were no longer suitable for indoor use in Canada. Without an acceptable area for staff to warm up, these facilities cannot operate once the windchill reaches -7°C. Therefore, it is important to bring electricity to these facilities so that they may remain operational over the winter months. Mr. Tilley provided a detailed update on the electrification of each of the Board's Waste Recovery Facilities and noted that further updates will be provided as they become available.

3. Waste Recovery Facility Weather Closures

Staff outlined the Occupational Health and Safety Guidelines regarding requirements for employee safety once the outside temperature (with wind chill) reaches -7 degrees Celsius. As the temperature varies by location and fluctuates so quickly, the Strategy and Policy Committee recommended that Staff purchase a device for each waste recovery facility that measures the correct temperature and wind chill to ensure that decisions on site closures are being made accurately and efficiently.

Briefing Note - WRF Weather Closures.docx

4. Implementation of User Cards at Waste Recovery Facilities – Update

Mr. Tilley provided an update regarding the implementation of user cards for access to the Board's Waste Recovery Facilities.

Discussions are still ongoing with Strong Data Automation on implementing the new process. Updates will be provided as they become available.

5. Installation of New Scale Software at Clarenville Transfer Station – Update

In the interest of new Board Members, Mr. Tilley reported that the new Strong Data Automation software will allow customers to self-check-in when arriving at the Clarenville Transfer Station by stopping on the scales and scanning their QR user card and entering the waste type they are disposing of (which will be confirmed by the attendant while offloading). Customers will then self-checkout when leaving the transfer station by stopping on the scales and scanning their QR user card at a second kiosk. The check-out process is needed as many of the customers at the transfer station need to be weighed in and out as the site layout does not permit a single kiosk to be used. This is a paperless interaction, which ensures all information is immediately available to all parties.

As a second traffic light and kiosk was required to ensure safety at the site, this item was brought back to the Finance and Audit Committee which recommended that the Board proceed with the additional requirements. Staff will continue to work with Strong Data Automation on the implementation of the new software and installation of the new equipment, providing updates as they become available.

It is hoped that the installation will be complete before the Board returns to the area for their monthly meeting in June so that a demonstration can be provided.

6. Water Well at Clarenville Transfer Station – Update

Mr. Tilley reminded Members that Staff were recently tasked with determining the feasibility of the installation of an artesian well at the Clarenville Transfer Station for the provision of non-potable water. Quotes were obtained by Staff from local contractors, and information has been requested from the Provincial Government which would help determine the depth of well required. Once this information is received, new quotes will be required and brought back to the Board for further discussion and approval.

7. Consideration for a Non-Compliance Fee at Robin Hood Bay – Discussion

Staff provided an update explaining the suggestion that a fee be implemented at the regional landfill for commercial waste haulers dropping off mixed waste. Mixed waste includes black/clear bag waste mixed with blue bag recycling, all black bag waste, etc. Representatives from the Government of Newfoundland and Labrador and the City of St. John's were included in the preliminary discussions.

The Committee agreed that the fine details of the implantation would still have to be discussed between all parties. The possibility of a Pilot Project and perhaps getting

students involved to see firsthand what a project like this would entail, or if the project would create enough awareness to be worthwhile.

As the Board would like to have support behind this initiative, it was also agreed that letters would be written to the appropriate government departments, MHAs throughout the eastern Region, the City of St. John's, the Multi-Materials Stewardship Board, etc., to ensure that all parties are aware and on the same page before implementing such a program.

There were no questions or concerns.

Briefing Note - Non Compliance Fee RHB 2024.docx

8. Town of Paradise Inquiry Re: Emergency Plan

Mr. Tilley reported that the Town of Paradise had recently contacted Staff to inquire about an emergency plan and waste diversion in the event of a disaster. Currently, there is no emergency plan in place for Robin Hood Bay but the Province is in preliminary discussions for an emergency plan for the entire region.

C. Governance Committee

There was no Governance Committee Meeting held in the month of April.

- D. Other Reports
 - 1. Communications and Community Relations Working Group Update

Mr. Korab, Chair of the working group/committee, delivered the Report.

V. Continued Objectives

Mr. Korab reviewed the objectives of the Communications and Community Relations Working Group.

VI. Meetings Scheduled with Joint Councils

A. Southern Shore Joint Council: May 23, 2024, Cape Broyle Community Center

Mr. Korab reported that the Committee looks forward to the continuation of meetings with the Joint Councils in the Eastern region.

The next meeting is scheduled to take place with the Southern Shore Joint Council in the Town of Cape Broyle on the evening of Thursday, May 23, 2024.

VII. Promotional Material

Mr. Korab reviewed the documents that were provided in the meeting package. They are a work in progress and once finalized, they will be distributed to the applicable Communities/Residents.

VIII. Correspondence

Mr. Tessier noted that the attached correspondence was provided for Members' information only.

IX. Letter from Town of Aquaforte Requesting Direct Billing

Ltr fr Aquaforte Requesting ERSB Direct Bill.pdf

X. Response to Town of Aquaforte Re: Direct Billing

Ltr - Town of Aquaforte Response re 2025 WM Fees Collection APR 4 2024.pdf

XI. New Business

A. Motions by Email to be Ratified:

Mr. Tessier noted that the following motion by email was included for ratification purposes only.

1. Awarding the 2024 Household Hazardous Waste Collection, Transportation and Disposal Services Contract.

Brief Note - HHW contract award 2024.pdf

Email MBE Award Tender for '24 HHW Events.pdf

Response Report - MBE - Award Tender for '24 HHW Events.docx

Motion:

BE IT RESOLVED that the Board award the 2024 Household Hazardous Waste Collection, Transportation and Disposal Services contract to GFL Environmental Services Inc. for the value of \$33,950.00 (plus HST).

Motion moved by Steve Tessier and motion seconded by Carl Ridgeley . Carried Unanimously.

XII. Roundtable

Mr. Drover was pleased to report that the Calendars have gone out for new 2024 contracts and spoke very highly the Board's Staff and all their efforts in getting this completed.

Ms. Tucker reviewed the 'Where Your Fees Go' document and why it was necessary to be created. Ms. O'Leary reminded everyone of Earth Day which took place on April 22, 2024. She feels that plastic pollution should be kept on the Board's radar is it is a problem that is ever evolving.

Mr. Korab noted that the City of St. John's started their pre-scheduled oversized waste collection (bulk) on April 16, 2024.

Mr. Tilley reported that the Town of Conception Bay South tendered for replacement of a trestle back in January and the project started last week. He was disappointed to report that a major theft took place last evening and all of the very expensive materials had been removed from the work site. Mr. Tilley asked the public in the area to check their camera footage in hopes to aid in the search for the missing materials.

Mr. McDonald welcomed the Board to the Town of Long Harbour-Mount Arlington Heights. He reported that the Municipal Complex was given to the Town from Vale and a tour of building could be arranged after meeting.

Mr. Davis inquired into Community Clean-Ups vs. Bulk Collections and Ms. Dean briefly reviewed the two programs. The difference in price of tipping fees for waste and tipping fees for recycling was discussed.

Ms. Dean reported that the first four months of implementing the use of Clear Bags have been fantastic as there has been an increase in acceptable material curbside. She also reminded everyone that May 1, 2024 is the mandatory clear bag date as the transition period will have ended.

Mr. Bown reported that May 5-11, 2024 is International Compost Awareness Week and the MMSB has started an online campaign for education. He also reported on the Regional Waste Management Forum that will take place on May 14-15, 2024. Mr. Bown noted that the MMSB are currently updating website and a campaign regarding plastic beverage containers is in progress to run from April to September of this year.

XIII. Upcoming Meetings

Board Members were reminded of the next Board and Committee meetings with a list of dates and times provided in the meeting package.

Upcoming Meetings.docx

XIV. Adjournment

Seeing no further business to discuss, the meeting adjourned.

Motion: BE IT RESOLVED that the meeting adjourned at 7:58 p.m.

Motion moved by Steve Tessier and motion seconded by Glenn Clarke. Carried Unanimously.

EASTERN REGIONAL SERVICE BOARD BRIEFING NOTE / REPORT

TITLE:	Draft Financial Statements for Year Ended December 31, 2023
MEETING DATE:	2024-04-24
то:	Board / Finance & Audit / Strategy & Policy / Governance
PREPARED BY:	Craig Drover, Director Corporate Services
REVIEWED BY:	Craig Drover, Director Corporate Services
APPROVED BY:	Craig Drover, Director Corporate Services

RECOMMENDED ACTION:

It is recommended that the Board adopt the independent auditor's financial statements for 2023 as prepared by Harris Ryan Professional Corporation.

MOTION:

BE IT RESOLVED that the Board adopt the Financial Statements for the year ended December 31, 2023 prepared by Harris Ryan Professional Corporation as tabled.

BACKGROUND/DISCUSSION:

- The Board's independent external auditor, Harris Ryan, prepared the 2023 financial statements in accordance with Canadian Public Sector Accounting Standards (PSAS). The statements were audited in accordance with generally accepted Canadian auditing standards and an audit report accompanies the statements.
- At December 31, 2023 the Board's Current Assets total \$7 million and the Board's Tangible Capital Assets are valued at \$5.3 million;
- Since 2015, ERSB has worked to create a strong financial position by utilizing operational surpluses to fund capital and operational reserve accounts. This ensures that ERSB can continue to operate in the event of unforeseen circumstances.
- The Statement of Financial Position shows an accumulated surplus of approximately \$10.3 million. This amount is comprised of, \$5.3 million of Tangible Capital Assets (includes land, buildings, furniture, computers, heavy equipment, motor vehicles, etc.) and \$5 million in reserves (internally restricted funds as detailed in Note 9).

ATTACHMENTS:

 Eastern Regional Service Board Financial Statements for Year Ended December 31, 2023 EASTERN REGIONAL SERVICE BOARD Financial Statements Year Ended December 31, 2023

STATEMENT OF RESPONSIBILITY

The accompanying financial statements are the responsibility of the management of the Eastern Regional Service Board (the Board) and have been prepared in compliance with legislation, and in accordance with Canadian Public Sector Accounting Standards (PSAS) established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada.

In carrying out its responsibilities, management maintains appropriate systems of internal and administrative controls designed to provide reasonable assurance that transactions are executed in accordance with proper authorization, that assets are properly accounted for and safeguarded, and that financial information produced is relevant and reliable.

The Board of Directors of the Board met with management and its external auditors to review a draft of the financial statements and to discuss any significant financial reporting or internal control matters prior to their approval of the finalized financial statements.

Harris Ryan Chartered Professional Accountants, as the Board's appointed external auditors, have audited the financial statements. The Auditor's report is addressed to the members of the Board and appears on the following page. Their opinion is based upon an examination conducted in accordance with Canadian generally accepted auditing standards, performing such tests and other procedures as they consider necessary to obtain reasonable assurance that the financial statements are free of material misstatement and present fairly the financial position and results of the Board in accordance with Canadian Public Sector Accounting Standards.

Mr. Stephen Tessier

INDEPENDENT AUDITOR'S REPORT

HARRIS RYAN

To the Members of Eastern Regional Service Board

Qualified Opinion

We have audited the financial statements of Eastern Regional Service Board (the organization), which comprise the statement of financial position as at December 31, 2023, and the statements of changes in annual surplus (deficit), operations, changes in net financial assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the organization as at December 31, 2023, and the results of its operations and cash flows for the year then ended in accordance with Canadian public sector accounting standards (PSAS)

Basis for Qualified Opinion

Eastern Regional Service Board derives revenue from waste management fees the completeness of which is not susceptible of satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the organization and we were not able to determine whether any adjustments might be necessary to revenue, annual surplus, and cash flows for the year ended December 31, 2023, or to assets and net financial assets as at December 31, 2023. Our audit opinion on the financial statements for the year ended December 31, 2022 was modified accordingly because of the possible effects of this limitation of scope.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the organization in accordance with ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PSAS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the organization's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the organization or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the organization's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Harris Ryan Professional Corporation Suite 202 120 Stavanger Drive, St. John's, NL Canada A1A 5E8 Phone: (709) 726-8324 Fax: (709) 726-4525

Independent Auditor's Report to the Members of Eastern Regional Service Board (continued)

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
 organization's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based
 on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may
 cast significant doubt on the organization's ability to continue as a going concern. If we conclude that a material
 uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the
 financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based
 on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may
 cause the organization to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to Financial Statements

Year Ended December 31, 2023

1. PURPOSE OF THE ORGANIZATION

The Eastern Regional Service Board (the "organization") was established in September of 2011 by the Province of Newfoundland under the authority of the Regional Services Board Act, 2012. The organization has been given the mandate to modernize the waste management system in the region, develop regional fire protection and work with several clusters of communities to improve drinking water and waste water treatment under the Community Sustainability Partnership.

In order to fulfill these mandates the organization has completed a network of infrastructure for the waste management system including a transfer station in Clarenville and ten waste recovery facilities (including one at the Clarenville site). To assist communities with drinking water and waste water treatment the organization has hired an engineer to provide advice to communities. As a service provider for fire protection the organization has contracted with one municipality to provide services through their volunteer fire department in the unincorporated area adjacent to the municipality.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements were prepared in accordance with Canadian public sector accounting standards (PSAS).

Revenue recognition

Government transfers with stipulations restricting their use are recognized as revenue when the transfer is authorized and the eligibility criteria are met, except when and to the extent the transfer gives rise to an obligation that constitutes a liability. When the transfer gives rise to an obligation that constitutes a liability, the transfer is recognized in revenue when the liability is settled.

Tipping and waste management fees are recognized as revenues as the services are provided in the related period, and when collection is reasonably assured.

Interest is recognized as earned. Other revenues are recognized when earned, collection is reasonably assured and a reasonable estimate can be determined of the amounts.

Cash and cash equivalents

Cash and cash equivalents include balances with the bank and investments held in cashable guaranteed investment certificates. Cashable guaranteed investment certificates are valued at cost plus accrued interest.

(continues)

Notes to Financial Statements

Year Ended December 31, 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Tangible capital assets

Tangible capital assets are stated at cost or deemed cost less accumulated amortization and are amortized over their estimated useful lives at the following rates and methods:

Land		non-depreciable
Buildings	4%	declining balance method
Furniture and equipment	20%	declining balance method
Computer equipment	55%	declining balance method
Computer software	100%	declining balance method
Heavy equipment	30%	declining balance method
Leasehold improvements		straight-line method
Motor vehicles		declining balance method

The organization regularly reviews its tangible capital assets to eliminate obsolete items. Government grants are treated as a reduction of tangible capital assets cost.

Impairment of long lived assets

The organization tests for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. Recoverability is assessed by comparing the carrying amount to the projected future net cash flows the long-lived assets are expected to generate through their direct use and eventual disposition. When a test for impairment indicates that the carrying amount of an asset is not recoverable, an impairment loss is recognized to the extent the carrying value exceeds its fair value.

Non-financial assets

Non-financial assets include tangible capital assets and prepaid expenses used to provide services in future periods. These assets do not normally provide resources to discharge the liabilities of the organization unless they are sold.

Deferred revenue

Deferred revenue is comprised of revenue amounts that are received in advance of the services being provided.

Severance

The organization accounts for severance pay on an accrual basis. Severance benefits are provided to employees upon cessation of employment.

Measurement uncertainty

The preparation of financial statements in conformity with PSAS requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates are periodically reviewed and any adjustments necessary are reported in earnings in the period in which they become known. Significant items subject to estimates include amortization of tangible capital assets and valuation of accounts receivable. Actual results could differ from these estimates.

6. ACCOUNTS PAYABLE

.

		2023	2022
	Trade payables Other accruals	\$ 426,921 192,067	\$ 391,123 207,598
		\$ 618,988	\$ 598,721
7.	ACCRUED SEVERANCE	2023	2022
	Accrued severance	\$ 298,434	\$ 259,651

The organization provides severance benefits to employees upon cessation of employment. Permanent employees become eligible following 5 years of service. The amount of severance is obtained by multiplying the number of years of continuous service by the employee's weekly salary to a maximum of twenty (20) weeks' pay, unless otherwise negotiated by an employment contract.

8. DEFERRED REVENUE

	2023	2022
Regional Water/Wastewater Operator Program Tipping fees - 2024	\$ 20,000 1,000,000	\$ 20,000 -
	\$ 1,020,000	\$ 20,000

In 2023, the organization received \$80,000 from the Provincial government to fund a Regional Water/Wastewater Operator Pilot Program. At December 31, 2023, \$20,000 of this funding was deferred.

Notes to Financial Statements

Year Ended December 31, 2023

9. ACCUMULATED SURPLUS

In addition to investments in tangible capital assets, the board has set up reserves from the accumulated surplus to ensure future obligations of the organization can be met. These reserves are internally restricted by the board to be used only for the purpose for which they are set up. The board allocates funds to these reserves as deemed necessary.

	5	2023	 2022
<u>The accumulated surplus consists of the following:</u> Invested in tangible capital assets Capital reserve - Regional Capital reserve - Curbside Operational reserve Unappropriated surplus (deficit)	\$	5,327,718 2,376,234 430,000 1,740,000 434,139	\$ 5,366,283 2,376,234 430,000 1,740,000 (29,256)
	\$	10,308,091	\$ 9,883,261

- The regional capital reserve was established for building and equipment replacements and future site closures for waste recovery facilities, transfer station and regional equipment.
- The curbside capital reserve was established for equipment replacement and unforeseen expenses for the curbside collection program. The organization ceased the curbside collection program during fiscal 2020.
- The operational reserve was established for funding of operating deficits and for unbudgeted/unforeseen expenses.

10. COMMITMENTS

a) During the year, the organization committed to the purchase of a trailer totaling \$292,229, of which \$175,337 is outstanding at December 31, 2023 and due on delivery of the unit in 2024.

b) The organization has a long term lease with respect to its premises, which expires March 31, 2024. Future minimum lease payments , excluding HST, as at December 31, 2023, are as follows:

2024	\$	19,252
------	----	--------

11. TIPPING FEES

The Government of Newfoundland and Labrador has officially designated the Robin Hood Bay Waste Management Facility, which is owned and operated by the City of St. John's, as the site for the Eastern Region's Integrated Waste Management Facility. Eastern Regional Service Board contracts with the City of St. John's to provide waste disposal services for other municipalities in the Eastern Region.

Tipping fees charged per tonne at the Robin Hood Bay Waste Management Facility are determined annually by Eastern Regional Service Board based on estimated tonnage and budgeted costs to operate both Eastern Regional Service Board and the Robin Hood Bay Waste Management Facility. Operational funding is provided to Eastern Regional Service Board from tipping fees collected from facility users to the extent required in its annual budget.

Notes to Financial Statements

Year Ended December 31, 2023

12. FINANCIAL INSTRUMENTS

The organization is exposed to various risks through its financial instruments and has a comprehensive risk management framework to monitor, evaluate and manage these risks. The following analysis provides information about the organization's risk exposure and concentration as of December 31, 2023.

Credit risk

Credit risk arises from the potential that a counter party will fail to perform its obligations. The organization is exposed to credit risk from customers. In order to reduce its credit risk, the organization reviews a new customer's credit history before extending credit and conducts regular reviews of its existing customers' credit performance. An allowance for doubtful accounts is established based upon factors surrounding the credit risk of specific accounts, historical trends and other information. The organization has a significant number of customers which minimizes concentration of credit risk.

13. BUDGET

The organization approves a budget each fiscal year which is prepared on a revenue and expenditure basis, so does not meet the requirements of PSAS. The reconciliation of the organization's cash based budget to the PSAS accrual based budget presented in these financial statements is disclosed in Schedule 1.

EASTERN REGIONAL SERVICE BOARD BRIEFING NOTE / REPORT

TITLE:	Q1 Financial Update Report and Budget Analysis
MEETING DATE:	2024-04-24
TO:	
	Board / Finance & Audit / Strategy & Policy / Governance
PREPARED BY:	
	Craig Drover, Director Corporate Services
REVIEWED BY:	
	Craig Drover, Director Corporate Services
APPROVED BY:	
	Craig Drover, Director Corporate Services

RECOMMENDED ACTION:

• No recommended action as report for information only.

MOTION:

No motion required as report for information only

BACKGROUND/DISCUSSION:

- Salaries and Benefits are slightly below budget to March 31st at 21%.
- Almost all budget categories are around budget for Q1. Some are unexpectedly low, and this could be a result of the timing of invoices, especially with vehicle repairs, bridge contracts, and professional services.
- Overall Operating expenditures as at March 31st were 19.6% of budget.
- Overall revenue receipted as of March 31st was 26.4% of budget.
- Due to the increases in contract costs from the recently tendered contracts, the annual waste collection contract costs are expected to increase by \$387K this year.
- Based on discussions with the Board's external auditor, Amortization was added to the Amended Budget. This item has not been in budgets in previous years. Although a non-cash expenditure, the item should be incorporated into the budget to match the financial statements more closely.
- The impact of the additional expenditures will possibly result in a loss on the financial statements for 2024. This could be mitigated through budget monitoring and the possible transfer from operational reserves.

TITLE:	Grapple Truck Repair
MEETING DATE:	2024-04-24
TO:	
	Board / Finance & Audit / Strategy & Policy / Governance
PREPARED BY:	
	Craig Drover, Director Corporate Services
REVIEWED BY:	
	Craig Drover, Director Corporate Services
APPROVED BY:	
	Craig Drover, Director Corporate Services

RECOMMENDED ACTION:

• That the Board does not proceed with the engine rebuild of the spare tractor and instead wait for the original replacement engine parts. It is recommended that an analysis of the cost versus benefit of purchasing a new vehicle be completed as well.

MOTION:

No motion required as report for information only

BACKGROUND/DISCUSSION:

- One of the Board's tractors that is based in Whitbourne needed to go in for engine repair at Dodd's Diesel. It was determined that the engine on the unit had to be rebuilt. The engine rebuild kit that was on order from Cummins for the Board was sold by another salesperson. There is a 4-month minimum wait on getting another one, and Dodd's does not recommend using aftermarket parts internally on an engine as Cummins will not honor the warranty.
- Another option is replacing the original engine block with a short block. The kit includes all the parts he needs but they will not sell it separately, there is only one of them left in stock and the price is 13,000 dollars more.
- Based on the two quotes, the second quote is now roughly \$70K to rebuild the engine of a tractor with 500K km's on it. The last tractor purchased from Kenworth Newfoundland was bought for just over \$300K. The quote for the 2025 tractor is \$280K plus tax.

Waste Management Operations Summary Report 2023

Waste Recovery Facilities:

Waste recovery facilities received material from approximately 34,723 clients. This is less than the number of customers seen in 2022 which was 37,515. This is a decrease of 8% from 2022.

Materials received at the waste recovery facilities included: household appliances, furniture, electronics, residential construction material, tires, metal, shingles, floor coverings, propane tanks (20 lbs or less), trees, and branches.

Waste diversion activities included:

- 759.1 metric tonnes of metals were diverted to an approved metal recycler versus 948.4 metric tonnes in 2022. This is a decrease of 25% from 2022.
- 10,666 tires, as accepted by the Used Tire Recycling Program of the MMSB, versus 14,790 tires received in 2022. This is a decrease of 39% from 2022.
- 201 pallets of electronic waste, as accepted by the Recycle-My-Electronics Program of the Electronic Products Recycling Association (EPRA) versus 210 in 2022. This is a decrease of 4.5% from 2022.

In 2023, 7,989,110 kg of waste and 2,457 non-MMSB tires were transferred from the waste recovery facilities to the Regional Waste Management Facility located at Robin Hood Bay for disposal in the landfill.

In 2022, 8,769,300 kg of waste was transferred from the waste recovery facilities to the Regional Waste Management Facility located at Robin Hood Bay for disposal in the landfill.

Please note that the Bell Island and Cavendish locations were closed December 7, 14 and the for the season on December 16, 2023 these sites are planned to reopen April and reopened April 2, 2024. The Sunnyside location closed June 10, 2023 and the decommissioning of the Sunnyside location commenced in the fall of 2023, the plan will be completed by March 31, 2024.

Household Hazardous Waste (HHW) Events:

Seventeen (17) HHW events were held throughout the Eastern region in 2023. The 2023 events resulted in 599 residents disposing of HHW material.

9,087 of liquid HHW, 28.75 paint boxes (approximately 6,098 L of paint), 1448 kg of batteries, 466 compressed gas tanks, and 366 fluorescent light bulbs were collected and 2 kg of prescription drugs.

IN 2022, the Board provided 17 events. These events resulted in approximately 785 residents disposing of HHW material.

10,598 of liquid HHW, 32.25 paint boxes (approximately 6840 L of paint), 1203 kg of batteries and 502 compressed gas tanks and 407 fluorescent light bulbs were collected and 24 kg of prescription drugs.

This decrease in HHW materials is believed to be a result of increased access to EPR (Extended Producer Responsibility) Programs for paint, used oils, glycol, fluorescent tubes, prescription drugs in the Eastern region.

Because of these EPR programs, residents now have access to HHW disposal sites throughout the Eastern region year-round. This has resulted in a significant decrease in the amount of HHW materials being disposed of at these events. Therefore, future HHW events will be held in those communities with limited access to disposal sites and the number of events will decrease.

As the MMSB works closely with the Province to set up more EPR programs, the need for these events will diminish.

Curbside Collections:

There were approximately 4 metric tonnes (4,000 kg) less curbside recycling collected between 2022 and 2023.

Summary of contracted properties within each region at the end of 2023.

Clarenville Transfer Station:

In 2023, 4,969,730 kg of waste and 458,368 kg of recycling was received at the transfer station.

The recycling included 318,318 kg of old corrugated cardboard (OCC) and 140,050 kg of blue bag recyclables.

Metals – 55,360 kg were received at the commercial portion of the facility. This required approximately 248 trips to Regional Waste Management Facility located at Robin Hood Bay to transport this material for disposal.

For comparison purposes in 2022, 4,300,430 Kg of waste and 432,201 Kg of recycling (O.C.C. – 239,971 kg. Blue bags – 104,130 kg. Metals – 88,100 kg) was received at the commercial portion of the facility. This

required approximately 305 trips to Regional Waste Management Facility located at Robin Hood Bay to transport this material for disposal.

Staff have noted that the amount of waste received in 2023 was more that the previous year, based on conversations commercial waste is no longer being accepted in the discovery district.

Please see waste recovery facility portion of this report for residential drop off information as it relates to the Clarenville Waste Recovery Facility, above.

TITLE:	WRF Weather Closures - Discussion
MEETING DATE:	2024-04-24
то:	Board / Finance & Audit / Strategy & Policy / Governance
PREPARED BY:	Lynn Tucker, Chief Administrative Officer Craig Drover, Director Corporate Services
REVIEWED BY:	Craig Drover, Director Corporate Services
APPROVED BY:	Craig Drover, Director Corporate Services

RECOMMENDED ACTION:

For discussion only.

MOTION:

N/A

BACKGROUND/DISCUSSION:

- In March 2023, a Stop Work Order was received from Service NL Occupational Health and Safety that required the Board to cease to use the portable heaters that were previously used to heat the site attendant huts at the Waste Recovery Facilities. Staff exhausted all avenues to replace the heating units with an acceptable (to OHS) new unit suitable for indoor use without electricity.
- Without the ability to provide a heated structure for the Site Attendants, the waste recovery facilities would close once the windchill reaches or is near -7°C or the recommended threshold identified in the 2023 TLVs and BEIs Threshold Limit Values published by ACGIH (American Conference of Governmental Industrial Hygienists) and referred to in the *Occupational Health and Safety Regulations, 2012*.
- The Board made the decision to electrify these facilities in 2023 to install appropriate electrical heaters. Staff continue to work with Newfoundland Power and the Government of Newfoundland and Labrador to have this accomplished as noted in the electrification update. This will hopefully resolve the ongoing issue of cold weather closures at that time.

TITLE:	Non-Compliance Fee at Regional Landfill - Discussion
MEETING DATE:	2024-04-24
то:	Board / Finance & Audit / Strategy & Policy / Governance
PREPARED BY:	Lynn Tucker, Chief Administrative Officer Craig Drover, Director Corporate Services
REVIEWED BY:	Craig Drover, Director Corporate Services
APPROVED BY:	Craig Drover, Director Corporate Services

RECOMMENDED ACTION:

For discussion only.

MOTION:

N/A

BACKGROUND/DISCUSSION:

- In November 2023 the Board discussed the implementation of a "two tier tipping fee" or in other terms, a "non-compliance fee" to be added to the regular tipping fees at the Robin Hood Bay Regional Landfill. It was agreed that the implementation of such a fee would be discussed with representatives from the City of St. John's and the Government of Newfoundland and Labrador. All parties have since agreed to meet to discuss the proposed additional fee at the April Strategy and Policy Committee meeting.
- Both Central and Western Regional Service Boards charge an additional fee plus the tip fee to dispose of mixed waste. Mixed waste includes waste in clear bags only; recyclables mixed with regular garbage; or any non-compliant waste (HHW items; fish nets; ropes; etc.).
- In Central Newfoundland, the tip fee to dispose of waste is \$140 per tonne. For noncompliant waste (all black bag garbage; clear bag garbage containing recyclables; etc.), an <u>additional fee of \$70 per tonne</u> is added to the tip fee for a total cost of \$210 per tonne.
- This additional fee is applied to encourage residents to comply with the waste disposal guidelines and to practice waste diversion (recycling) in line with the Provincial Waste Management Strategy.

- Central Newfoundland reports very few instances of infractions such as all black bag garbage showing up at their landfill or many clear bags with recyclables in them since they've implemented the additional fee.
- The additional costs do incentivize users to comply.
- The Central Newfoundland Board communicates that they have mandatory recycling in their region because of the success of the additional fee and the resulting compliance by residents and communities.
- The province has not mandated recycling. In addition, there is no requirement that communities who collect their own waste follow the Provincial Waste Management Strategy. There are no standards for waste management in this province.
- However, the Board must comply with the Provincial Waste Management Strategy and provide waste diversion while communities that have chosen to opt out of the regional system may collect black bag garbage only.

ADDITIONAL INFORMATION:

• During the meeting with representatives from the City of St. John's and the Government of Newfoundland and Labrador, the difficulties in identifying and applying an additional fee to the contractors were discussed. Further discussions will be required to determine the nature and the logistics of applying the additional fee.

RECEIVED MAR 2 5 2024

Eastern Regional Service Board 255 Major's Path St. John's NL A1A 0L5

Re: 2025 Waste Management Fees

The Aquaforte Town Council is requesting the Eastern Regional Service Board directly bill the residents of Aquaforte for 2025 Waste Management Fees as we understand is the process with Local Service Districts in the area.

For many years, the Town of Aquaforte has been billed for and paid Waste Management Fees to the Eastern Regional Service Board on behalf of our residents. This includes residents of Aquaforte who refuse to pay waste management fees to the Town. Unfortunately, we feel this is no longer a sustainable practice for the community.

The Town of Aquaforte will honor the current payment plan in place for 2024 Waste Management Fees and Ferryland Fire Protection Fees, and will continue to pay Fire Protection Fees to the service board for 2025 and beyond.

If you have any questions, please contact me at the information above during regular office hours, 9am-5pm, Mon-Wed.

We appreciate your understanding and co-operation on this matter.

Regards

Caron Croff

Aaron Croft Town Clerk/Manager Town of Aquaforte

April 4, 2024

Town of Aquaforte Attn: Aaron Croft, Town Clerk/Manager 191 Main Road, Site 1, Box 37 Aquaforte, NL A0A 1A0

Dear Mr. Croft,

RE: 2025 Waste Management Fees

Thank you very much for your recent letter dated March 18, 2024 that requests the Eastern Regional Service Board (ERSB) direct bill individuals for their waste management fees in the Town of Aquaforte rather than billing the town for the service. The Board has received similar requests in the past and while we can appreciate the challenge your town is facing in respect to the collection of taxes, the Board has no role to play in the collection of waste management fees in an incorporated municipality.

As you know, under the *Municipalities Act, 1999*, Sections 176 and 177, the provision of waste services is the responsibility of the municipalities, as is the subsequent collection of fees. The Board does not anticipate taking responsibility for the billing of individual property owners in incorporated municipalities. It is worth noting that, pursuant to legislative authorities, your municipality has more options available to collect fees than the Board.

The Board is governed by the *Regional Service Boards Act, 2012*, Section 24 of the Act prescribes the Board's ability to charge fees for the provision of services. Any amount owing under Section 24 of the Act is a debt due to the Board and the Board may recover it by civil action in a court.

By comparison, municipalities governed by the *Municipalities Act, 1999*, Sections 133 and 134, states that the town may pursue civil action AND/OR place a lien on the property in question. Placing a lien on a property is an added tool that your community can employ for the collection of fees that the Board cannot pursue.

Town of Aquaforte Attn: Aaron Croft, Town Clerk/Manager Page 2 April 4, 2024

I hope this provides the information you require for your Council. Please do not hesitate to contact us again if you have any further questions.

Sincerely, EASTERN REGIONAL SERVICE BOARD

Allcher

Lynn Tucker Chief Administrative Officer

TITLE:	Household Hazardous Waste Tender Award for Eastern
	Region
MEETING DATE:	2024-04-24
TO:	
	Board / Finance & Audit / Strategy & Policy / Governance
PREPARED BY:	
	Christie Dean, Director Operations
REVIEWED BY:	
	Craig Drover, Director Corporate Services
APPROVED BY:	
	Craig Drover, Director Corporate Services

RECOMMENDED ACTION:

Staff recommends award of Household Hazardous Waste Collection, Transportation and Disposal Services contract to GFL Environmental Services Inc. for the value of \$33,950.00 (plus HST) for 10 HHW Events in 2024.

MOTION:

BE IT RESOLVED that the Board award the 2024 Household Hazardous Waste Collection, Transportation and Disposal Services contract to GFL Environmental Services Inc. for the value of \$33,950.00 (plus HST).

FINANCIAL CONSIDERATOINS:

- One bid was received on the tender, GFL Environmental Services Inc. in the amount of \$39,042.50 (Including HST). The per event rate is \$3,904.25 (including HST) with the contract being for 10 events in 2024.
- In 2023 the contract was awarded to GFL Environmental Services Inc. in the amount of \$66,372.025 (Including HST) for 17 events. The 2023 per event rate was \$3,904.25 (including HST).

BACKGROUND/DISCUSSION:

• The Tendering process for 10 Household Hazardous Waste collection events to be held in the Eastern Region closed on April 18, 2024. The events will be held in the spring and fall of 2024.
